TOOL TETHER

CODE : H01072

If you need a tool tethering solution that's simple, reliable and practical, then the Bungee Tether Single-Action has you covered.

Constructed from the same heavy-duty elasticised webbing as the rest of the GRIPPS bungee range, there are no compromises when it comes to force-absorption or quality of materials. A steel carabiner and tactical strength anchoring loop secures any tool up to 2.5kg/5.0lbs from drops.
