

MAX LOAD : 2.5KG / 5.5LBS

QUICKSWAP DUAL TOOL HOLSTER

CODE : H02075

The Quickswap Dual Tool Holster is both lightweight and rugged, providing two storage pouches for small hand tools.

THIS VERSION OF HOLSTER IS SKIN ONLY - NO RETRACTORS OR TETHERS INCLUDED

AVAILABLE WITH RETRACTORS

Following suit to our original Quickswap Single Tool Holster, this new variation was developed due to high demand. More storage, more convenience. Featuring our all-new Quickswap mechanism that allows the holster to be rapidly installed or removed from a work belt or harness, this will be another highly popular product amongst workers at height.

The Quickswap mechanism is compatible with all belts & harnesses and allows for rapid connection or removal of the holster without having to take off the belt/harness.

MAX LOAD : 2.5KG / 5.5LBS
