

MAX LOAD: 1KG/2.2LBS

NIPS SOLID TOOL CONNECTOR PACK FOR TOOL BELT

H07003

Always a common tool on the worksite, your Nips can now be securely connected to your tool belt with this simplified bundle.

Including GRIPPS V Gripp Tape, Tool Catch, Gripp Shrink and a 130mm Swivel Catch. The Tool Catch can be applied directly. The Swivel Catch works to prevent tangles when working with hand tools at height. A load rated swivel point allows for a 360-degree operational range of motion, while the cord loop can be attached directly to your retractor, to minimise tension from the retractor whilst you work.
