MAX LOAD : 2.3KG / 5.0LBS

C5 FLEXILITE IMPACT MKII

TETHER ANCHOR

CODE : S21626

ANSI/ISEA 121-2018 COMPLIANT

The all-new C5 FlexiLite Impact MKII retains all of the features and protection of previous models, whilst delivering a superior level of comfort.

Lightweight, highly flexible thermoplastic rubber has been reimagined into an ergonomic design on the rear of the glove, providing unparalleled protection and wearability.

The C5 rated gloves are manufactured from an extra lightweight glass fibre yarn for the highest level of cut protection, and double-coated with a sandy foam nitrile - combining maximum cut resistance and dexterity with long-lasting grip. Ultra Armour TPR rear protection protects the wearer from impact and knocks to the top of the hand.
