

# HIQ 210DE

# Description

# Incl,

15 - 21KW Deisel External condensing Boiler with integral pump, PV & Flue 1

Magnetic filter for boilers Includes service valves 1

Systemsafe DM Inhibitor 500 ml - Treats 100L 2

Diesel Fuel Filter with alloy bowl 1

Fire Valve for oil boilers 3m capillary 1

3/8" flare x 3/8" BSPT 4

3/8" flare to 1/4" BSPT 1

3/8" oil line valve F/F Bsp 1

3/8" Copper x 25m 0.5

3/8" Gate valve (required for diesel tanks listed) 1

} Oil line fittings

**DIESEL TANK NOT INCLUDED** can be supplied as an extra

100L Insulated stainless steel Buffer Tank 1

Differential thermostat with 3m remote probe max 20 Deg C adjustable)  
(For cotrol of heat input to buffer) 1

Surface Manifold Cabinet Medium 800w 1

Manifold **6 way** with Air Relief / Drain 16/2 connectors & Gauges 1

thermostatic mixing station with smart pump p 1

UFH wiring center 10 way with Power & Volt free outputs 1

UFH Actuator 230v 50Hz with open/closed indicator 6

Horizontal UFH Touch screen Thermostat 7 day 230V 4

Floor sensing probe 3m use with thermostats 4

P BOX (skeleton flush box) 5

WIFI control option available

UFH Pex B with EVOH barrier x 300m 2

Cold forming bend for underfloor pipe 10

Zip ties 200 mm x 4.5 mm x 100Pk, 14

Pipe 25 mm x 50 m 1

13w /25mm Insulation for 24-26 mm pipe 41

Air Relief Valve, with 1/2" BSP male connection 1

8L Pressure Vessel 1

25mm Pex euro cone adapter 2

1" Nipple (flat faced) one side O ring 4

Press Elbow 25 mm 6

Reducing Tee 25 16 25 mm 1

Swivel union 16 mm x 1/2" 1

Swivel union 25 mm x 3/4" 1

Swivel union 25 mm x 1" 4

Multi layer to BSP - Male 25 mm x 3/4" 2

Wiring diagram and typical valve train schematic 1

**Detiled pipe layout drawings on your floor plan available as an extra at \$70** Extra

Free freight to a main center (rural delivery will be charged extra) 1
