

Agentis, The oil fired Condensing boiler designed to run on Diesel...

Many oil fired appliances making there way into New Zealand were never intended for use with Diesel. They were designed to burn Kerosene which is the standard heating fuel throughout Europe. Additional service attention is often required to keep these appliances in tune when burning diesel.

Agentis condensing boilers were developed to operate using either kerosene or diesel including NZ diesel with no requirement for anything more than standard annual servicing.

Superior 5mm Laser welded steel shell heat exchanger,

Lighter and more efficient than cast iron boilers

Agentis Internal - supplied with integral pump, pressure vessel & filling loop

Internal condensing

A top selling appliance in the UK Warmflow boilers are fully condensing and fitted with high quality Riello RDB burners.

Heating Load 15-21Kw HIQ 9US70HE

Heating Load 21-26Kw HIQ 9US90HE

Heating Load 26 to 33Kw HIQ 9US120HE

Internal system utility

Internal DHW Combi

Combi with on demand DHW

A Condensing boiler with a DHW heat exchanger
Providing impressive hot water output at up to 24 L per minute

We recommend the plug in programmer option

Heating Load 15-21Kw 18L HIQ 9UC70HE Indent only

Heating Load 21-26Kw 24L HIQ 9UC90HE

Heating Load 26-33Kw 24L HIQ 9UC120HE indent only

Agentis External-Supplied with integral pump pressure vessel & filling loop

External system

External DHW combi

External condensing

Complete with integral flue

Supplied with integral flue, includes pressure vessel, filling loop and circulating pump. Plume diverter options available

Heating Load 15 to 21 kw HIQ KS70HE

Heating Load 21 to 26 Kw HIQ KS90HE

Heating Load 26 to 33Kw HIQ KS120HE

Combi with on demand DHW

Heating Load 15-21Kw 18L DHW

HIQ KC70 HE Indent only

Heating Load 21-26Kw 24L DHW

HIQ KC90 HE

Heating Load 26-33Kw 24L DHW

HIQ KC120 HE indent only

External Combi boilers are limited stock, please pre order.

At the heart of every Warmflow boiler for New Zealand you will find the Riello RDB Pressure jet burner

Heat I

Heat IQ are the factory appointed New Zealand distributor for Warmflow boilers and domestic hot water cylinders. Providing sales and technical support .
