

# The same, just better

Radiators do tend to be very similar in appearance but looks are not everything!

### Optimised design By HLG Stuttgart Germany

Giving the highest possible output from the lowest possible water content.

### Precision laser welding

Ensures clean lines and long term dependability.

### Cathoporic paint technology

A Zinc Phosphate Pre coat ensures higher corrosion resistance, while the advanced polymer finish provides lasting durability and a colour fast finish.

### Tested to withstand pressure up to 13 bar

Caloree radiators exceed European Standard EN442.

### 25 Year warranty\*. Applies in New Zealand and Australia

Available in three formats Type 11 Single - Type 21 double - Type 22 double

Primary 600mm high range in sizes ranging from 400mm to 2m width complimented by options in 300 / 400 / 500 / 750 and 900 heights All

### Flexibility for pipe connection

Our radiators are six port with a block valve connection on the underside Double panel radiators are reversible , for single panel radiators the block connection is on the right hand side

Caloree Radiators are imported and distributed in Australasia by Tradepoint (HeatIQ) Ltd. Factory appointed distributor call 06 3447392

\* Warranty is provisional upon the correct installation and use of adequate system inhibitor warranty limited to 1 year in in bathrooms
