Simply select radiators up to the maximum KW allowance in the package you have selected, from the size chart above

- Max 9 Kw (9000w) for 7 radiator packages
- Max 15 Kw (15000w) for 9 radiator packages
- Max 20Kw (20000w) for 12 radiator packages

You can add additional radiators and valves at extra cost, Please contact us

We recommend the addition of towel rails for bathroom rather than radiators (limited warranty applies to radiators in bathrooms)
