#### 4. First-aid measures

##### Description of necessary first aid measures:

<b>Inhalation</b>	Remove from exposure and get medical attention if allergic.
<b>Skin contact</b>	In case of excessive contact, wash skin with soap and water. In case skin rash or irritation develops, get medical attention.
<b>Eye contact</b>	In case of contact, hold eyelids apart and immediately flush eyes with plenty of water for at least 15 minutes.
<b>Ingestion</b>	Rinse mouth immediately and drink plenty of water. Never give anything by mouth to an unconscious person.
<b>The most important symptoms and effects, both acute or delayed</b>	Contains natural biological materials. Some individuals may experience allergic skin or respiratory sensitization.
<b>Indication of immediate medical attention and special treatment needed</b>	Treat symptomatically.

#### 5. Fire-fighting measures

<b>Suitable extinguishing media</b>	Water spray. Carbon dioxide (CO <sub>2</sub> ) Dry chemical.
<b>Unsuitable extinguishing media</b>	None known.
<b>Specific hazards arising from the chemical</b>	Accumulations of powdered material may form explosive dust-air mixtures.
<b>Special protective equipment and precautions for firefighters</b>	<b>Precautionary Measures Fire:</b> Self-contained breathing apparatus and full protective clothing must be worn in case of fire. <b>Firefighting Instructions:</b> In case of fire and/or explosion do not breathe fumes. In the event of fire, cool tanks with water spray. Move containers from fire area if you can do so without risk. <b>Protection During Firefighting:</b> Cool containers exposed to flames with water until well after the fire is out.

#### 6. Accidental release measures

<b>Personal precautions, protective equipment and emergency procedures</b>	Avoid dust formation. Use personal protective equipment. See section 8.
<b>Environmental precautions</b>	No special environmental precautions required.
<b>Methods and materials for containment and cleaning up</b>	Wash the spillage site with large amounts of water. Sweep up and shovel into suitable containers for disposal. Do not use any procedure which causes dispersion of dust into the air if any possibility of ignition exists. Dispose of in accordance with local, state and federal regulations.

#### 7. Handling and storage

<b>Precautions for safe handling</b>	Avoid dust formation in confined areas. Fine dust dispersed in air may ignite. Ensure adequate ventilation.
--------------------------------------	---

**Conditions for safe storage, including any incompatibilities**
