

## CHAM-REM-3C RGBW Remote Control

### Description

The CHAM-REM-3C is an RF + Bluetooth RGBW remote control that is to be used with the CHAM-BT-RF-5C receiver. This remote allows you to dim the LED strip, change the colour and speed up or slow down the speed of the changing colour mode. It also allows you to save specific scenes that you use on a regular basis. The CHAM-REM-3C also has a magnet on the back which allows for ease of use with the mounting bracket.
