

NEO-10-SM-TILT LED Surface Mounted Downlight

Description

The NEO-SM-TILT Series is a dimmable surface mounted LED downlight range that has a tilt function to offset the light at an angle of 25°. NEO-SM-TILT series is a great option for those looking for an alternative to recessed downlights, or for installations where recessing a hole is not possible. Available in Black or White frame, and with the choice of Warm White, Neutral White or White colour temperature options. Complete with dimmable LED driver. Backed by our Three Year Replacement Warranty.
