

Plex-19.2-IP66-RGBWW LED Striplight

Description

Introducing the brand new professional Plex-IP66 series of LED strip from Domus Lighting incorporating the latest in LED SMD chip technology. Utilising the brand new RGBWW 5050 chip from San'an you can now achieve even smoother seamless linear lighting with exceptional colour changing abilities allowing you to create up to 16 million different colour combinations for your residential or commercial linear lighting project. Ideal for kitchens, bars, restaurants and all backed by our Domus Lighting 3 year warranty for peace of mind.

Specification Features

Colours:	4 colours
Light Source:	5050 SMD LED
LED Type:	San'an
Colour Temperature:	RGB + 3000K
Lumen Output per metre:	R:89, G:226, B:66 & WW:360
CRI:	80
Number of LEDs per metre:	60
Wattage per metre:	19.2W
Input Voltage:	24VDC
Beam angle:	120°
Wiring:	Parallel
IP Rating:	IP66*
Cutting Increments/Sections:	100mm
Requires:	24VDC constant voltage driver
Dimmable:	Yes**
IES files:	Yes***

* Not suitable for submersible applications.

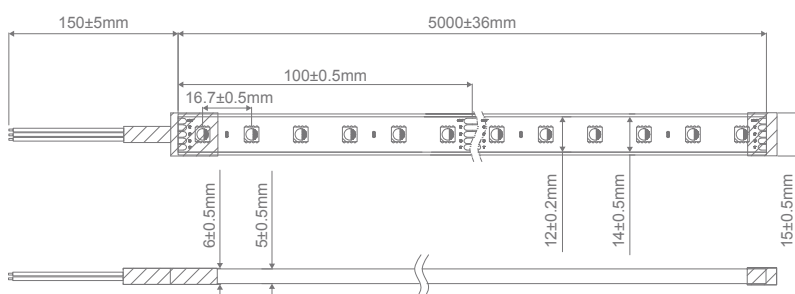

** Requires 24V DC LED driver and 4 channel colour controller (not included).

*** For dimming options please refer to the controller section for further details.

**** Available upon request.
