

## SOLAR BOLLARD

- Bollard area light
- Solar powered
- Warm white LED 3000K
- Lumen: 425
- No cable required
- Die-cast aluminium
- Powder coated
- 5 year anti-corrosion warranty

### TECHNICAL SPECIFICATIONS

<b>LED power</b>	3.5W
<b>Battery</b>	4.5 AH 6.4V
<b>PV Panel</b>	3.5W Grade A
<b>Charging</b>	6 hours/day
<b>Material</b>	Aluminium
<b>Lumens</b>	425
<b>Autonomy</b>	23 hours
<b>Warranty</b>	5 years

### FEATURES

<b>23-hour Autonomy</b> Smart power management 4 rainy days backup	<b>Environment</b> Green energy Zero CO <sub>2</sub> emissions
<b>Automatic Operation</b> Day and night detection Automatic power on/off	<b>LIFEPO4 Battery</b> Lithium LIFEPO4 Battery Lifetime: up to 12 years Working temp: -15°C–65°C
<b>Solar Panel</b> 3.5W monocrystalline Grade A solar cells	<b>Die-cast Aluminium</b> AKZONOBEL painting Corrosion resistant
<b>LED Lighting</b> High brightness LED 36 pieces x 0.09W each Lifespan: 50,000 hours	<b>Waterproof</b> IP65 compliant

### BRIGHTNESS
