DIY	E14 BASE	4.5W 350LM	220° BEAM SPREAD	BIORHYTHM	TUNEABLE RGB	TUNEABLE CCT	DIMMING	<80 CRI (Ra)
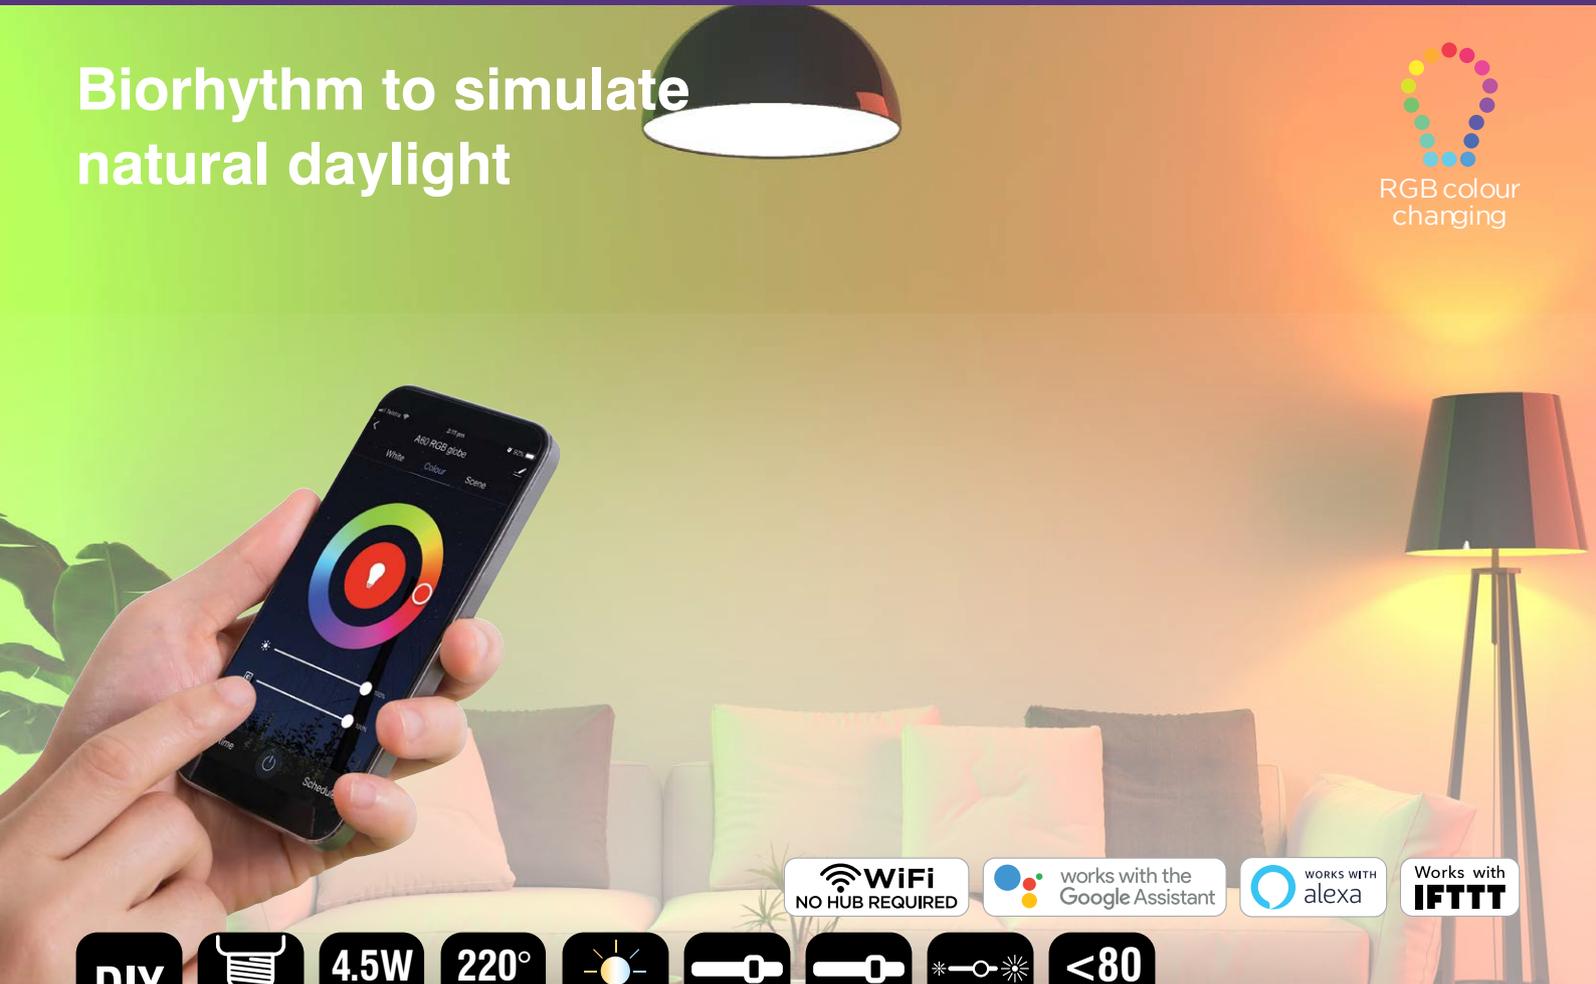

Create the perfect ambiance the RGB plus CCT globe lets you experience light to fit your mood or activity with millions of colours or white from Warm white to daylight.

• Biorythm gradually increases brightness and colour temperature to promote wakefullness and focus during the day before decreasing them to feel more relaxed and ready to sleep at night.

• Control from anywhere via app or voice control.

• Create schedules & timing to automate your home.

• Tune the colour temperature from a warm 2700K to a bright daylight 6500K

• Design different colour scenes and brightness with millions of colours so you can easily change its colour or luminosity to suit your mood.

• Provides a 220 degree beam with up to 350 lumens of clear, crisp light from a 4.5W LED light source.

• Fits in most E14 fittings to make your existing lighting smart.

• Dimmable via app and/or voice control through Amazon Alexa®, Google Assistant®.

• Compatible with BrilliantSmart devices via automation & IFTTT.

APPLICATIONS

• Biorhythm lighting feature simulates daylight from sunrise to sunset.

• Control lights individually and in groups.

• Using "vacation routines" to turn lights on and off at random intervals to make it seem like you're home when you're away

TECHNICAL SPECIFICATIONS
