#### SAFETY DATA SHEET

We certify that the above fragrance mixture is in compliance with the Standards of the INTERNATIONAL FRAGRANCE ASSOCIATION (IFRA), 49th Amendment to the IFRA Code of Practice, published January 10, 2020 or independent supplier evaluation based on the RIFM (Research Institute for Fragrance Materials) Criteria Document and QRA2 (Quantitative Risk Assessment version 2), provided it is used in the following class(es).

The maximum usage levels by product category are as follows:

#### SECTION 1 - PRODUCT INFORMATION

1.1 PRODUCT IDENTIFIER

Fresh Linen + Driftwood

PRODUCT USE DESCRIPTION

1.2 Concentrated Fragrance Blend for use in customer product

Not for personal use in this form or concentration

Do not ingest as such and avoid eye contact

1.4 After Hours Call Chemtrec: 1-800-424-9300 / Chemtrec International +1 703-527-3887

National Poison Control Center: 412.681.6669

#### SECTION 2 - HAZARDS IDENTIFICATION

2.1 Classifications of Substance or Mixture:

 Hazard classifications are based on individual ingredient evaluation in accordance with GHS and other relevant regulations that follow. This product has not been tested as a whole.

Classification (REGULATION (EC) NO 1272/2008 and HCS 2012)

| HAZARD CLASS                         | CATEGORY |
|--------------------------------------|----------|
| Acute Toxicity (Oral)                | 5        |
| Environmental Hazard Aquatic Acute   | 2        |
| Environmental Hazard Aquatic Chronic | 2        |
| Eye Damage/Irritation                | 2A       |
| Sensitization, Skin                  | 1B       |
| Skin Corrosion / Irritation          | 2        |

#### 2.2 Label elements

| SIGNAL WORD       | WARNING   |
|-------------------|---|
| HAZARD STATEMENTS | <u>CATEGORY</u>   |
|                   | H303 - May be harmful if swallowed.                     |
|                   | H401 - Toxic to aquatic life.                           |
|                   | H411 - Toxic to aquatic life with long lasting effects. |
|                   | H319 - Causes serious eye irritation.                   |
|                   | H317 - May cause an allergic skin reaction.             |
|                   | H315 - Causes skin irritation.                          |

|                           | H315 - Causes skin irritation.   |
|---------------------------|--|
| Precautionary Statements: |  |
| Prevention                | P261 - Avoid breathing dust/fume/gas/mist/vapours/spray                                    |
|                           | P264 - Wash hands thoroughly after handling  |
|                           | P273 - Avoid release to the environment  |
|                           | P280 - Wear protective gloves/protective clothing/eye protection/face protection           |
| Response                  | P321 - Specific treatment (see section 4 on SDS)   |
|                           | P337 - If eye irritation persists:   |
|                           | P338 - Remove contact lenses if present and easy to do. Continue rinsing.                  |
|                           | P351 - Rinse cautiously with water for several minutes                                     |
|                           | P362 - Take off contaminated clothing and wash before reuse                                |
|                           | P391 - Collect spillage  |
|                           | P302+P352 - IF ON SKIN: Wash with soap and water   |
|                           | P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove       |
|                           | contact lenses if present and  |
|                           | easy to do – continue rinsing  |
|                           | P317 - Get medical help  |
|                           | P364 - And wash it before reuse  |
|                           | P301+P317 - IF SWALLOWED: Get medical help   |
|                           | P332+P317 - If skin irritation occurs: Get medical advice/attention                        |
|                           | P333+P317 - If skin irritation or rash occurs: get medical help                            |
|                           | P337+P317 - If eye irritation persists: Get medical help                                   |
|                           | P362+P364 - Take off contaminated clothing and wash it before reuse                        |
|                           | P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove       |
|                           | contact lenses, if present and   |
|                           | easy to do. Continue rinsing   |
| Disposal                  | P501 - Dispose of contents/containers in accordance with local/regional/federal regulation |

## SECTION 3 - Composition / Information On Ingredients

The composition of this proprietary blend is being withheld in in accordance with the provisions of S1910.1200 of Title 29 of the Code of Federal Regulations (CFR).

## 3.1 SUBSTANCE:

• Not Applicable

#### 3.2 MIXTURE

| GHS Hazard Materials                                       |          |                            |
|--|----------|----------------------------|
| SO E SUPER (CAS# 54464-57-2)                               | 5-10%    | .H315.H317.H401.H410.      |

#### SECTION 4 - First Aid Measures

4.1 Description of First Aid Measures

General: If medical advice/attention is needed, have this safety data sheet or label at hand and seek medical advice

immediately.

Inhalation: If inhaled, remove to fresh air. Seek medical attention immediately.

Eye Contact: Flush immediately with cold water for at least 15 minutes. Remove contact lenses. Seek medical advice if

symptoms persist or develop. Remove contaminated clothing.

Do NOT induce vomiting unless advised by poison control or physician. Never give anything by mouth to Ingestion:

an unconscious person. Seek medical attention immediately. Rinse mouth with water.

4.2 Most important symptoms and effects, both

acute and delayed

No information available

4.3 Indication of immediate medical attention

and special treatment needed

No information available

## SECTION 5 - Fire Fighting Measures

5.1 Extinguishing media:

• Carbon Dioxide(CO2), Dry chemical or foam

5.2 Special hazards arising from substance or mixture:

Do not use water on burning material

Avoid sources of ignition (eg. sparks, open flames, heat) near empty containers

5.3 Advice for firefighters:

No specific advice

#### SECTION 6 - Accidental Release Measures

6.1 Personal Precautions, Protective Equipment, and Emergency Procedures:

• Remove all sources of ignition. Avoid inhalation, skin, and eye contact. Ensure proper ventilation.

6.2 Environmental Precautions:

> Discharge into the environment must be avoided. Keep out of sewers, drainage areas, or waterways. Report spills and releases to the appropriate local, state, and federal agencies.

6.3 Methods for containment and cleaning up:

No specific advice

## SECTION 7 - Handling and Storage

7.1 Precautions for safe handling:

Keep away from sparks, open flames, and excessive temperatures. Avoid contact with skin, eyes, or clothing. Avoid inhalation. Always keep container tightly closed and labeled. Avoid eating, drinking, and smoking near areas where material is stored or handled. Wear appropriate gloves, eye, and face protection. Follow good personal hygiene.

7.2 Precautions for safe storage, including any incompatibilities:

• Store in a cool, dry area with adequate ventilation. Keep container tightly closed when not in use.

Empty container handling:

Empty containers should be completely drained, properly closed and returned to a drum or container disposal service. Do not reuse or alter containers in any way.

7.3 Specific end uses:

· No Information Available

## SECTION 8 - Exposure Control / Personal Protection

8.1 Control Parameters

8.2 Exposure Controls:

• Avoid high temperatures while processing.

Engineering Controls

• Appropriate ventilation is required where product is handled and used.

Environmental Exposure Controls

Minimize environmental release.

#### PERSONAL PROTECTIVE EQUIPMENT

Respiratory Protection:

 Respirators should be selected based on the form and concentration of contaminant in air and in accordance with OSHA (29 CFR 1910.134). Usually not required.

Protective Clothing:

• When contact is likely, wear protective gloves and clothing.

Eye Protection:

• Use goggles or face shield when eye contact might occur.

HMIS PPE Code:

• B (Safety glasses, gloves)

Occupational Exposure Limits:

· Have not been established

## SECTION 9 - Physical and Chemical Properties

## 9.1 Information on basic physical and chemical properties

| Physical State:                         | Liquid            |
|---|-------------------|
| Color (Gardner Scale):                  | Yellow            |
| Odor                                    | To match target   |
| Odor Threshold:                         | No Data Available |
| pH value @ 20°C:                        | No Data Available |
| Vapor Pressure (mm Hg @ 20°C) :         | 0.069             |
| Specific Gravity :                      | 0.973             |
| Relative Vapor Density (air = 1):       | > 1               |
| Solubility in Water:                    | No                |
| Viscosity:                              | No Data Available |
| Flashpoint:                             | 200 F             |
| Melting Point/Freezing Point:           | No Data Available |
| Boiling Point:                          | No Data Available |
| Volatile Organic Compound Percentage:   | 8.70              |
| Evaporation Rate:                       | No Data Available |
| Partition Coefficient: n-octanol/water: | No Data Available |

# 9.1 Information on basic physical and chemical properties, continued

| Lower Explosion Limit:     | Product does not present an explosion hazard |
|----------------------------|--|
| Upper Explosion Limit:     | Product does not present an explosion hazard |
| Auto-ignition Temperature: | Product is not self igniting                 |
| Decomposition Temperature: | No data available                            |
| Hydrocarbon Content        | 5.06%  |

9.2 Other Safety Information:

## SECTION 10 – Stability and Reactivity

- 10.1 Reactivity
  - Will not react violently with water.
  - Stable under normal temperature conditions (65-85 degrees F) and recommended use.
- 10.2 Chemical Stability:
  - Presents no significant reactivity hazard.
- 10.3 Possibility of Hazardous Reactions:
  - None known
- 10.4 Conditions to Avoid:
  - Avoid sources of ignition.
  - Avoid extremes of temperature, direct sunlight, and temperatures close to flashpoint.
- 10.5 Incompatible Materials:
  - Avoid contact with strong acids, alkalis, or oxidizing agents.
- 10.6 Hazardous Decomposition Products:
  - None known.

## SECTION 11 - Toxicological Effects

- 11.1 Information on Toxicological effects:
  - This mixture has not been subjected to toxicological testing as a whole. The available data on the raw materials has been used to establish the health classification.
  - Acute Toxicity Estimates for individual ingredients has been used, where appropriate.

| Acute Toxicity – Oral – Calculated LD50            | May be harmful if swallowed.                                   |
|--|--|
| Acute Toxicity – Dermal – Calculated LD50          | not applicable - the classification criteria has not been met. |
| Acute Toxicity – Inhalation – Calculated LC50      | not applicable - the classification criteria has not been met. |
| Skin Corrosion/irritation                          | Causes skin irritation.  |
| Serious Eye Damage/irritation                      | Causes serious eye irritation.                                 |
| Respiratory or Skin Sensitization                  | May cause an allergic skin reaction.                           |
| Germ Cell Mutagenicity                             | not applicable - the classification criteria has not been met  |
| Carcinogenicity                                    | not applicable - the classification criteria has not been met  |
| Reproductive Toxicity                              | not applicable - the classification criteria has not been met  |
| Specific Target Organ Toxicity – Single Exposure   | not applicable - the classification criteria has not been met  |
| Specific Target Organ Toxicity – Repeated Exposure | not applicable - the classification criteria has not been met  |
| Aspiration Hazard                                  | not applicable - the classification criteria has not been met  |

### SECTION 12 - Ecological Information

12.1 Toxicity

This mixture has not been subjected to environmental toxicologic testing as a whole. The
available data on the raw materials has been used to establish the environmental classification.

Environmental Hazard Aquatic (Acute):

· Toxic to aquatic life.

Environmental Hazard Aquatic (Chronic):

• Toxic to aquatic life with long lasting effects.

12.2 Persistence and Degradability:

No Data Available

12.3 Bioaccumulative Potential:

No Data Available

12.4 Mobility in Soil:

No Data Available

12.5 Other Adverse Effects:

No Data Available

Discharge into the environment must be avoided. Keep out of sewers, drainage areas, or waterways. Report spills and releases to the appropriate local, state, and federal agencies.

### SECTION 13 - Disposal Considerations

13.1 Waste Treatment Methods

Product

- Discharge into the environment must be avoided.
- Keep out of sewers, drainage areas, or waterways.
- Dispose according to local, state, and federal regulations.
- Handle per instructions under sections 6 thru 8.

Packaging Dispose according to local, state, and federal regulations

## SECTION 14 - Transportation Information

| Harmonized Tariff Code:  | 3302.90.10.10   |
|--------------------------|---|
|                          |   |
| Proper Shipping Names    |   |
| 49CFR/ADR/RID (bulk)     | UN3082, Environmentally Hazardous Substance, Liquid NOS (ISO E SUPER), 9, III |
| 49CFR/ADR/RID (non bulk) | Not Considered Hazardous  |
