

QRS Educational Services

Over 30 years of providing quality, resourceful and supportive education.

OnDemand AABCs of Cardiac Medications

Agenda: approximately 4 hours to complete

- **ACE-Inhibitors, ARBs, Beta Blockers, Calcium Channel Blockers, Statins**
 - *Why are patients on these?*
 - *What are common side effects?*
 - *What patient education should you provide?*
- **Diabetic Medications:**
 - A brief review of diabetic medications
 - Cross over of diabetic medications to cardiac management
- **Keeping Clots Away**
 - A review of anticoagulation and antiplatelet therapies
 - *What are NOACS vs. DOACS?*
 - When are these types of medications given?

Registration:

Option 1: E-transfer to darlene@qrseducation.com. Please add the course you wish to attend, as well as your email address and phone number in the comment section.

Option 2: Register and pay by credit card by choosing the 'OnDemand Courses' tab online at <https://www.qrs-education.com/collections/courses>

Cost: \$75. Includes comprehensive course material to print, a certificate for 4-hours of Continuing Education and access for a full year. Attend the course at your own time and pace.

About the Workshop: The objectives of this course are to develop a better understanding of these medications, to understand possible side effects and learn various patient education tips.

Certification (Optional): Show case your competence in this subject matter by completing the Cardiac Medication Certification Test. Register and pay for this test after you have completed this OnDemand course.

About the Presenter: Darlene Hutton BScN, MSN, Owner of QRS Educational Services has experience as a Staff Nurse in CCU, Emergency, ICU, PACU; Critical Care Educator; Manager of CCU/Telemetry; Research Manager of Cardiology and Diabetic organizations.
