

QRS Educational Services

Over 30 years of providing quality, resourceful and supportive education

OnDemand **ADVANCED 12 Lead ECG Assessment**

AGENDA: approximately 8 hours

At an advanced level, review each step of the RIRI© approach to ECG assessment

- ✚ **RATE:** Practice on using various methods; Pros and Cons of each
- ✚ **INTERVALS:**
 - PR: AV Block review, WPW case studies; what is the big deal about Adenosine?
 - QRS: Bundle Branch Blocks, Sgarbossa Criteria
 - Axis Deviation, Hemi & Bifascicular Blocks
 - QT: Methods and Practice
- ✚ **RHYTHM:** SVT with aberrancy or VT? A look at various ECG cases.
- ✚ **ISCHEMIA/INFARCTION:**
 - MI in Normal Coronary Arteries (MINOCA): Case Studies
- ✚ **Case Study Jeopardy:** AV block in STEMI, hypertrophic cardiomyopathy, long QT, elevated aVR, pericarditis, pulmonary embolism

Cost: \$145. Includes comprehensive course material, a course certificate, access for a full year and Darlene is available by phone or email with any questions.

Registration:

Option 1: E-transfer to darlene@qrseducation.com. Please add the course you wish to attend, as well as your email address and phone number in the comment section.

Option 2: Register and pay by credit card by choosing the 'OnDemand Courses' tab online at <https://www.qrs-education.com/collections/courses>

About the Workshop: The focus of this day is geared to staff who are **confident** with rhythm interpretation **and** STEMI/ACS recognition. Please do not register for this course if you are not comfortable in measuring intervals - consider attending either the 2-day Rhythm/ECG session or the 1-day Combined Rhythm/ECG session instead.

Certification (Optional): Show case your competence in this subject matter by completing the Advanced Rhythm & ECG Assessment Certification Test.
