Over 30 years of providing quality, resourceful and supportive education

OnDemand Cardiac Implantable Electronic Devices

Agenda: approximately 1.5 hours

External, temporary, and permanent pacemakers
Permanent pacemaker descriptors
Failure to Capture and Failure to Sense
Features of pacing: rate response, hysteresis
Implantable Cardioverter Defibrillator (ICD)
Cardiac Resynchronization Therapy (CRT)
What is the role of the magnet?

Cost: \$45. Includes comprehensive course material to print, a certificate for 1.5-hours of Continuing Education and access for a full year. Darlene is available by phone or email with any questions.

Registration:

Option 1: E-transfer to darlene@qrseducation.com. Please add the course you wish to attend, as well as your email address and phone number in the comment section.

Option 2: Register and pay by credit card by choosing the 'OnDemand Courses' tab online at <https://www.qrs-education.com/collections/courses>

Please contact the QRS administrator Diana Curphey at (905) 668-2232 or diana@qrsadmin.com if you have any questions.

About the Workshop: This course centers on gaining a deeper understanding of cardiac implantable electronic devices (CIEDs), including pacemakers, implantable cardioverter defibrillators, and cardiac resynchronization therapy. Additionally, we will explore patient care considerations and address end-of-life concerns for individuals with CIEDs.

About the Presenter: Darlene Hutton MSN, has a wealth of nursing experience in a variety of settings: Staff Nurse in CCU, Emergency, ICU, PACU; Critical Care Educator; CCU Manager; and Research Manager. Her company, QRS Educational Services, provides a wide variety of OnDemand courses and also provides ACLS, PALS, and TNCC.
