What will the ECG look like with an ACS?

Learn the various parts of the heart the ECG looks at.

STEMI, NSTEMI – What's going on in the artery?

So, your patient is having an MI – What complications can you expect and why?

Practice Session with discussion on Management

1600: Conclusion

About the Workshop & Presenter

The focus of this day is geared to staff who would like a refresher on rhythm and ECG assessment and who already understand basic rhythms. If you would like to prepare prior to the course, please check out our website, under "Tips" and watch the 1 hour Rhythm Interpretation Link OR you may want to purchase our e-version QRS Heart of the Matter Manual, in the "Products" section for additional learning. With your purchase of the e-version manual, we will mail you a hard-copy.

Darlene Hutton has been nursing for 37 years in a variety of settings: staff nurse in CCU, Emergency, ICU, PACU; critical care nurse educator; manager of CCU/Telemetry; cardiology and diabetic research manager.

Her company, QRS Educational Services, has been in business for 27 years throughout Canada and also provides ACLS, ACLS Experienced Provider, and PALS.
