

private labeling

Brand Your Company! Rugged Radios make it easy to private label headsets and intercoms. Simple, easy, and cost effective way to gain exposure for your company. Let Rugged help you grow your business.

Headsets

Headpads: Headpads are the easiest cost effective way to gain company exposure. A simple one color Pad Printed logo in silver, white or yellow stand out the best on behind the head or over the head headpads.

Headset Dome: Logos for headset domes can be either be Pad printed or a Digital sticker can be installed. Pad printing is limited to one color. Digital stickers are very affective for showing off multi color company logos.

Intercoms

Intercom face plates are the prime real estate for company logos. One color pad printing is available in white, yellow, or silver. Custom CNC machining is also available but limited to certain logos.

Logo Design

Please send your art work in Adobe Illustrator files for easy uploading. If your files are not available in Adobe Illustrator fees may apply for art work conversion.

Rugged also offers complete in house logo design. Call our design department for hourly rates.

Cost and Setup

- Initial setup fees vary by product for pad printing or Digital printing
