INSTRUCTIONS FOR USE

- 1 Lower the volume on your audio device.
- 2 Gently insert the earbuds into your ears.
- 3 Gradually raise the volume to a comfortable level.
- 4 In order to block outside noise, position the earbuds so they form a seal inside your ear.
- 5 Test the various gel tip options to find the best fit.

SUGGESTIONS FOR ACTIVE USE

When using your earbuds during vigorous activity such as running, try inserting the earbuds with the cable facing upwards, then run the cable up and over your ear from front to back, like a virtual ear hook. This will offer more stability and less chance of your earbuds falling out.

CAUTIONS

- Avoid getting moisture or liquids into the tip of the earbuds.
- Avoid extreme heat, cold, and humidity.
- Avoid dropping or crushing the earbuds, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.
- Wax may build up in the earbud tips, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.
- If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.
- If you experience regular discomfort while using this product, discontinue use and consult your physician.
- We recommend you treat your earbuds as you would a nice pair of sunglasses and keep them in safe location when not in use.
