FIRST TIME SETUP: BLUETOOTH PAIRING

1

When power is OFF, press and hold Power Button for **10 seconds**.

Voice prompt "Ready to pair" followed by **blue and red blinking lights** indicate Epic2 is in pairing mode.

2

Turn on the Bluetooth in your device settings.

3

Select "Epic2 BT" in your device settings to connect. If a password is required type in "0000".

Light will **slow blink blue** when Bluetooth is paired.

Voice prompt "You are connected" followed by a **slow blue blinking light** indicates connection.

RECURRING USE

Once JLab Epic2 has initially paired to your device, the earbuds will auto-connect to your Bluetooth device when powered back ON. (Follow **BUTTON FUNCTIONS** instructions)

CHARGING

1 Locate the Micro USB door and plug in the cable.

Then connect the USB to a computer or AC power source.

2 Red light indicates charging and will turn off once battery is fully charged.

Full charge is approximately 4 hours.

3 To ensure the water resistance of your Epic2, the cover for the Micro USB port must be firmly closed.

BUTTON FUNCTIONS

VOLUME UP:

Click once.

TRACK FORWARD:

Click and hold 2+ seconds.

POWER ON:

Click and hold 3 seconds.

POWER OFF:

Click and hold 5 seconds.

ANSWER/HANG UP CALLS:

Click once.

ACTIVATE SIRI (iOS) OR "OK GOOGLE" (ANDROID):

Click twice.

BLUETOOTH PAIRING:

(Follow First Time Setup: Bluetooth Pairing)

VOLUME DOWN:

Click once.

TRACK BACKWARD:

Click and hold 2+ seconds.

FITTING

1 Place the earbud housing to your ear while wrapping the memory wire behind the ear.

2 Rotate earbud in ear canal and adjust memory wire to your desired fit.

CABLE MANAGEMENT CLIPS

Note: Optional cable clips may affect your Bluetooth connectivity. Removing cable clips can improve connectivity. For more info: jlab.audio/ClipsBT

1 Create a desired length by looping the cable.

For best connectivity: Make sure the microphone doesn't come in direct contact with skin (leave the cord loose around back of neck).

2 Secure a cable clip on one end of the loop by pushing in from the top and bottom.

3 Secure the second cable clip on the other end of the looped cable.

4 Cable clips should be secured to both ends of cable.

CLEANING

The Epic2 is 100% splashproof, sweatproof + washable with an IP55 rating. Simply rinse off your earbuds after use.

Note: Keep charging port tightly sealed when rinsing.

WARNING

WARM-UP YOUR HEADPHONES

Optional: Burn-in is the process for exercising new audio equipment. We recommend 40 hours of burn-in time for most headphones to reach optimal performance. The main purpose of the process is to loosen the diaphragm of a newly crafted headphone and to stress the headphone driver. Normal, everyday use can also burn-in the headphones though JLab's proprietary burn-in provides an ideal mix of sounds and frequency sweeps to achieve this.

 **Burn-in your audio equipment with the JLab Audio app available on the App Store and Google Play. Or access the burn-in method at: [jlabaudio.com/burnin](https://www.jlabaudio.com/burnin)**

CAUTIONS

- Avoid getting moisture or liquids into the tip of the earbuds or charging port.
- Avoid extreme heat, cold, and humidity.
- Avoid dropping or crushing the earbuds, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.
- Wax may build up in the earbud tips, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.
- If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.
- If you experience regular discomfort while using this product, discontinue use and consult your physician.
- We recommend you treat your earbuds as you would a nice pair of sunglasses and keep them in safe location when not in use.
