INSTRUCTIONS FOR USE

1 Lower the volume on your audio device.
2 Gently put headphones on your ears.
3 Gradually raise the volume to a comfortable level.
4 In order to block outside noise, position the headphones so they form a seal inside your ear.

MICROPHONE + BUTTON FUNCTIONS

UNIVERSAL MIC
Goes with both Android + Apple

PLAY / PAUSE / ANSWER / HANG UP:
Single click

The hearing protection switch is hidden in the earcup for parent-only access.

Built-in volume regulators stop sound at 85dB (recommended) – or for louder environments toggle to 95dB max volume.

VOLUME LIMITER SWITCH 85DB / 95DB (INSIDE FABRIC)

CAUTIONS

• Avoid getting moisture or liquids on the headphone cups.

• Avoid extreme heat, cold, and humidity.

• Avoid dropping or crushing headphones, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.

• Wax may build up in headphone cups, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.

• If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.

• If you experience regular discomfort while using this product, discontinue use and consult your physician.

• We recommend you treat your headphones as you would a nice pair of sunglasses and keep them in safe location when not in use.
