We love that you are rocking JLab!
We take pride in our products and fully stand behind them.

JBUDDIES PRO WIRELESS HEADPHONES

FIRST TIME SETUP: BLUETOOTH PAIRING

1 Turn on the Bluetooth in your device settings.
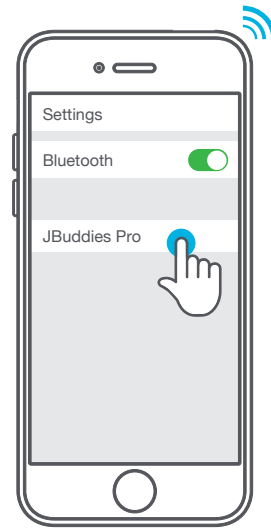

Settings
Bluetooth
2 When the JBuddies Pro Wireless Headphones are powered off, press and hold the Power Button for approximately 10 seconds.

Fast blinking red and blue light indicates searching for Bluetooth device.
3 Select "JBuddies Pro" in your device settings to connect.
Settings
Bluetooth
JBuddies Pro

When the headphones are paired, voice prompts "You are connected" and **blue light will flash slowly**.
Notes:

• Bluetooth is a wireless radio technology, which means it is sensitive to objects between the headphone and the connected device. The headphone is designed to be used within 33 feet (10 meters) of a connected device, with no major objects in between (walls, etc.).

• Once successfully connected, the headphone will memorize your device and automatically pair when turned on in the future. Only one device may be connected at a time. To pair a different device, first unpair the current one through its Bluetooth settings.

• If for any reason Bluetooth connection is lost, manually reconnect your Bluetooth device.

CHARGING

Connect the USB-C cable to computer or USB 5V 1A (or less) output device.

TRACK BACKWARD: 3 CLICKS

CAUTIONS

• Avoid getting moisture or liquids on the headphone cups.

• Avoid extreme heat, cold, and humidity.

• Avoid dropping or crushing headphones, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.

• Wax may build up in headphone cups, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.

• If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.

• If you experience regular discomfort while using this product, discontinue use and consult your physician.

• We recommend you treat your headphones as you would a nice pair of sunglasses and keep them in safe location when not in use.
