FIRST TIME SETUP: BLUETOOTH PAIRING

Press and hold button for **10 seconds**. Release. Light will **blink red and blue** near the foam ear pad to

3

near the foam ear pad to indicate pairing mode.

Select "JLab Rewind" in your device settings to connect. Light will **slow blink blue** when Bluetooth is paired.

PAIRING NEW / ADDITIONAL DEVICES:

Turn OFF Bluetooth on your previously paired device and turn ON Bluetooth on new device. Repeat **FIRST TIME STEUP** process for new devices.

Notes:

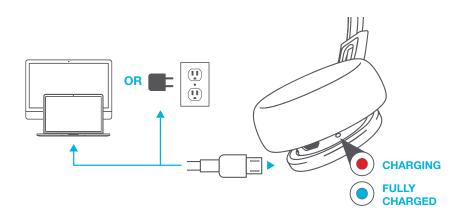

- Bluetooth is a wireless radio technology, which means it is sensitive to objects between the headphone and the connected device. The headphone is designed to be used within 33 feet (10 meters) of a connected device, with no major objects in between (walls, etc.).
- Once successfully connected, the headphone will memorize your device and automatically pair when turned on in the future. Only one device may be connected at a time. To pair a different device, first unpair the current one through its Bluetooth settings.
- If for any reason Bluetooth connection is lost, manually reconnect your Bluetooth device.

CHARGING

Note: Headphones will not turn on while charging. Allow about 3 hours to fully charge.

Connect the Rewind Headphone to a computer or USB 5V output device with the provided charging cable.

Red light will indicate charging and **blue light** will indicate a full charge.

BUTTON FUNCTIONS

CAUTIONS

- Avoid getting moisture or liquids on the headphone cups.
- Avoid extreme heat, cold, and humidity.
- Avoid dropping or crushing headphones, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.
- Wax may build up in headphone cups, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.
- If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.
- If you experience regular discomfort while using this product, discontinue use and consult your physician.
- We recommend you treat your headphones as you would a nice pair of sunglasses and keep them in safe location when not in use.
