

SHIFTPOWER REBATE

There are three ways you can promote ISS Automotive's ShiftPower to get a rebate:

1. INSTAGRAM PHOTO(S)

You can share an image of your ISS Automotive ShiftPower Throttle Response Controller on your Instagram account. Be sure to show the product clearly, and ideally show several images of the product, such as before and after pics. The post must have the hashtag #ISSAutomotive, ISS Automotive must be tagged in the post and/or image (@issautomotive), and the post must use a hashtag that describes the product. For example, #ShiftPower.

If possible, please include a picture that shows you and/or your face.

REWARD: \$10 rebate*

2. INSTAGRAM and/or YOUTUBE VIDEO

You can upload a reaction video of yourself to Instagram or YouTube that mentions ISS Automotive and ShiftPower, how it changes your pedal response, and shows the product installed in your vehicle. Feel free to mention the easy install process, the quality of the product, the nice box that the products came in, and the warranty.

The video must be at least 30 seconds long (longer is better) and specifically show or mention your reaction to the improved throttle response. If posted to Instagram, it must include the hashtag #ISSAutomotive, a hashtag that describes the product (i.e. #ShiftPower), and tag the ISS Automotive Instagram account (@issautomotive). If posted to YouTube, it must have a link to the ShiftPower product page on the ISS Automotive website in the video description.

If possible, please show your vehicle and yourself in the video.

REWARD: \$20 rebate*

3. YOUTUBE INSTALLATION VIDEO

You can upload a video of you installing the product(s) on the vehicle yourself to YouTube. The video must show the full install process from beginning to end - unboxing/opening the box, removing the old part, installing the new one, and buttoning everything back up - as well as your reaction to the improved throttle response. Please also try and list the tools you used and share any tips you have.

The video must also include a link to the ShiftPower product page on the ISS Automotive website in the description.

REWARD: \$50 rebate*

To claim your rebate, please email support@issautomotive.com and provide the post and/or video link.

Please note that rebates will only be provided to customers who keep the product. You are ineligible to receive the rebate if you return your ShiftPower device.

*We are not liable for any vehicle damage or personal injury resulting from improper installation or failure to observe traffic and safety laws.
