Check out the latest digital catalog jam-packed with all your must haves from Smithers-Oasis. From floral foam to more sustainable options, we have something for every designer. We have streamlined our offerings to ensure floral professionals have the basics they need to get the job done. Keep an eye out for new products helping to make your job easier, more efficient, and more profitable. From lavish events (they are back!) to smaller affairs we have the products you need to keep your customers coming back.

We are sure you have heard that OASIS® Midnight Floral Foam is back and better than ever with even more product options, such as the OASIS® Midnight Floracage Grande Holder. In stock and ready to ship from your favorite wholesaler or online at oasisfloralproducts.com.

Our catalog also includes design inspirations from floral designers from all over the country. We believe in Modern Floristry and hope you love this colorful edition.

Also, we continue our commitment to sustainability and focus on products that make a better world for all of us! If you haven't had a chance, look at our more sustainable line of floral foundation products and educational initiatives. We here at Smithers-Oasis are looking for ways to Design a Better World for all of us. Stay tuned for more exciting products and programs this year.

OASIS® FLORAL FOAM

Your customers prefer arranged flowers above all else, so foams are an integral and everyday part of your business. OASIS® Floral Foams are simply the best products in the industry for long-lasting flower life. Each variety of foam allows you to create with confidence while consistently saving you time and labor.

Dry foam products are designed primarily for supporting arrangements of permanent botanicals or dried flowers, are durable and can be easily cut and shaped to fit any container, allowing you to construct permanent and detailed arrangements.

To us, floral foam isn't an art, it's a science! A science we have been perfecting since 1954. Count on OASIS® Floral Foam Maxlife to support you with ultra-consistent floral foam made for maximum flower life.

The only floral foam proven to provide flower life that lasts as long or longer than flowers in a vase of water. Maxlife improves flower life by up to 50 percent longer and prevents premature petal burn, wilting, and stem burn.

- Keeps stems perfectly placed
- Scientifically formulated to maximize flower hydration
- Meticulously researched, consistently crafted
- Maximizes Flower Life
- Individual attributes based on foam type

OASIS® FLORAL FOAM MAXLIFE

- Each 9" x 4" x 3" brick is scored at ½ and ⅓ for accurate cutting and less waste
- Saturates completely each and every time, with each brick holding up to two quarts of water

OASIS® STANDARD FLORAL FOAM MAXLIFE

MEDIUM DENSITY

- Perfect for everyday designs with roses, carnations, poms, liatris, etc.

OASIS® ECOssentials™ Container

OASIS® TerraBrick™ Floral Media

OASIS® TERRABRICK™ FLORAL MEDIA

5¼" x 5¼" x 2½" per Brick

8 BRICKS/CS

10-20500

- Made with plant-based, renewable, natural coir, and a compostable binder
- Stable design base that delivers very good flower life
- Excellent water absorption
- Can be rewetted to extend flower hydration
- Reusable for plants
- Patent pending
- OK compost HOME and OK compost INDUSTRIAL

CERTIFIED COMPOSTABLE FLORAL MEDIA

Floral design meets the industry's first compostable, patent-pending floral media with OASIS® TerraBrick™ Floral Media. Plant-based, compostable, and re-usable for plants, this media is easy-to-design and boasts very good flower life.

FIBREFLORAL™ DESIGN MEDIA

9½" x 4½" x 3½" per Brick

20 BRICKS/CS

10-01067

- The product is derived from natural volcanic basalt rock with a bio-based binder derived from rapidly renewable materials
- Excellent water storage capacity
- Fast soaking
- Optimal pH range for most flower types
- An efficient delivery of water to flower stems
- Natural color
- Excellent flower life for most flower types
- Reusable for growing plants from cuttings and seeds

NATURAL FLORA MEDIA

Effortlessly create natural-looking designs from New FibreFloral™ Design Media from Smithers-Oasis. Derived from natural volcanic basalt rock, this product is easy-to-use to create stunning arrangements for any customer.

OASIS® MIDNIGHT FLORAL FOAM

- Dry gray foam transforms to rich black when soaked, creating the perfect canvas for any design from traditional to bold, OASIS® Midnight fits any style
- Create finished traditional looks with up to 25% fewer materials compared to green floral form
- Leave OASIS® Midnight foam visible to create minimalist floral designs that are both on-trend and perfect for the modern consumer

- Take the guess work out of adding water to arrangements by hydrating designs when the vibrant black foam fades to gray
- Made with premium Maxlife technology, flowers can live up to 50% longer compared to other foam
- Easy to work with, this foam has a density and holding power that is similar to standard green floral foam

- Dense composition with brown velvety texture accepts delicate stems easily and holds securely
- Cuts cleanly and evenly
- Does not absorb liquids
- Allows you to offer the finishing touches for permanent or seasonal arrangements in home or business

FLOWER CARE

Our FloraLife® product line will ensure fresh, long-lasting flowers. Beauty begins with proper sanitation, flower hydration and nutrients to help flowers look fresh and last longer.

Customers' #1 requirement is long-lasting flowers.
FloraLife 5 Steps of Fresh product range helps you achieve this goal.
Simply follow the steps below to help flowers thrive.

5 STEPS OF FRESH

1

SANITIZE

Clean to reduce the plugging up of flower stems, which stunts water uptake. Improve flower life as a result of a cleaner environment. New ready-to-use formula!

2

HYDRATE

Jumpstart flowers by unclogging stem cells and improving flower food uptake.

3

NOURISH

Express Universal 300 is a unique and innovative flower food solution that allows fresh cut flowers to keep fully hydrated and fed without having to recut the stem before putting in solution. A unique formulation for all flower varieties, this NO STEM RECUT flower food is engineered with ingredients to keep flower bouquets and arrangements looking fresh.

4

PROTECT

Refresh, hydrate and protect flowers with a last-step finishing spray to extend the enjoyment of receiving flowers.

5

CUSTOMER CARE

Educate customers to enjoy their flowers longer with the addition of a professional flower food take-home sachet.

CLEANING AND DEODORIZING PRODUCTS

- 1 SANITIZE:** *FloraLife® Cleaning and Deodorizing Products: Professional cleaners used for Disinfecting, Cleaning, and Deodorizing flower buckets, vases, containers, tools, work surfaces, coolers, shipping and packing areas.*

FLORALIFE® FLORAL CLEANER - LIQUID

- Ready-to-use solution, no mixing required
- Cleans and deodorizes working surfaces, tools, buckets, cooler walls, etc.
- Helps keep floral departments clean and odor free
- Reduces cross-contamination from flower processing tools
- Promotes a clean floral processing operation for an overall general improvement in flower quality
- Will not harm plants or flowers
- Reduces time required in cleaning buckets
- Pleasant scent

HYDRATING & TREATMENT PRODUCTS

2

HYDRATING: *FloraLife® Hydrating and Treatment products improve the flow of liquids through the flower stems and provides vital ingredients for flower quality.*

FLORALIFE® QUICK DIP 100 INSTANT HYDRATING TREATMENT - LIQUID

- Ready-to-use solution, no mixing required
- Helps reduce flower scrap
- Ideal for all operations, saves space, time and labor
- Aids in reducing bent neck and "droopy" stems
- A must for roses, gerbera daisies and field grown crops
- Can be used on all flower varieties including premade cash-and-carry bouquets

STORAGE & TRANSPORT SOLUTIONS

3

NOURISH: *FloraLife® 200 solutions are designed for storage and transport and used for storage and shipping environments.*

FLORALIFE® EXPRESS CLEAR 200 - LIQUID

- Eliminates the need to recut stem ends before placing in a treatment solution
- Helps reduce length of harvest cycle time, allowing for more flexibility in buying and harvesting. For example, a stem harvested at 50 cm can be sold and used as a 50 cm stem because you do not lose the 3 to 5 cm in the recut.
- Helps reduce stress to the flower and reduces the opportunity for pathogens to be introduced in processing and handling
- Reduced stem lengths from the farms can lead to freight savings from reduced shipping weights
- Eliminates steps to help reduce labor in cutting and processing, handling waste, and equipment maintenance
- Provides a balanced formula to lower the pH and increase the speed of flower hydration
- Can be used on fresh cut roses and roses stored dry for less than two weeks

FLORALIFE® BULB FOOD 300 POWDER

- Formulated with unique ingredients that enhance bulb performance with an optimal vase life versus standard flower food formulas
- Prevents premature bent neck and stimulates water uptake. This bulb food solution works to reestablish the nutrient balance once the flower is harvested.
- Suitable for use in mixed or straight line bouquets containing bulbs and foliage greens

FLORALIFE® ROSE FOOD CLEAR 300 - LIQUID

- Unique ingredients enhance rose performance with an increased vase life of 2-4 days (20+%) more than standard flower food formulas
- Prevents premature bent neck and stimulates water uptake. Rose food solution works to reestablish the nutrient balance once the flower is harvested.
- Suitable for use in mixed or straight line bouquets containing roses and foliage greens

FINISHING SPRAYS

- 4 **PROTECT:** Refresh, hydrate and protect flowers and greens with a last step of finish spray to extend life.

FLORALIFE® FINISHING TOUCH SPRAY

- Provides ingredients vital to keeping flowers fresh and the color of petals and leaves vibrant
- Ideal for use on fresh flower vase designs, everyday floral and wedding arrangements, corsages, boutonnieres, foliage and potted plants.
- Safe to use on all flower types
- Prevents premature petal drop, dehydration, wilting and browning
- Dependent upon cultivar, a simple spray mist aids in extending flower life an additional 1 to 5 days

DOSING SYSTEMS

FloraLife® Dosing Systems are designed for use by professional wholesale florists, retail florists and growers.

FloraLife® Dosing Systems are water-powered systems designed to properly measure and mix FloraLife® solutions. These systems are easily installed in your shop or warehouse and quickly pay for themselves in terms of time and accuracy.

FloraLife® Dosing Systems can easily be mounted on a wall. A fresh water source is connected to one end of the system. The system then draws concentrated solution from a FloraLife bucket, drum or tote, mixes it with the correct amount of water, and then dispenses it through a hose and wand. Accurately measures and mixes solution every time. Takes the guesswork out of measuring, preventing over or under usage.

AQUABLEND DISPENSING UNIT

- Positive displacement water-driven injector
- Solution is added in proportion to water for accurate mixing
- Adjustable injection rate
- Constant concentration of flower food regardless of flow or pressure
- No wasted water
- No electricity

TOOLS

The most beautiful designs won't last without adherence to a solid foundation. OASIS® Floral Products glues, tapes and adhesives all bond quickly, safely and easily – giving your designs sturdy structural integrity and giving you the confidence to focus on creativity.

OASIS® FLORAL ADHESIVE

- Fast-drying and waterproof liquid adhesive formulated for use with fresh flowers
- Bonds quickly, safely and easily
- Provides a time-saving alternative to wiring and taping, especially with corsages
- Special formulation will not brown fresh flower petals
- Holds in cold conditions

FLORAL ADHESIVE CAN, WITH SQUEEZE BOTTLE

8 OZ CAN -
20 CANS/CS

31-01532

OASIS® UGLU™ ADHESIVE

- Perfect for general purpose applications in-shop or on-site
- Bonds instantly to: plastics, metal, polystyrene, fabric, wood, glass, ceiling tile, brick or most exterior surfaces, granite, paper, drywall, laminates
- Instant bond & permanent hold with the convenience and ease of tape
- Easy to peel off, non-toxic & acid free, waterproof & weatherproof
- Can be cleanly removed

UGLU™ ADHESIVE STRIPS
