Rooflights

The Ariel logo features a white stylized arrow pointing right, positioned above the word "ariel" in a white, lowercase, sans-serif font. A registered trademark symbol (®) is located to the upper right of the word. The entire logo is set against a blue background that is part of a larger blue graphic element on the right side of the page.

RANGE OF POLYCARBONATE AND FLAT GLASS ROOFLIGHTS

Flat Glass

Mardome

Inspired by natural daylight

The power of natural daylight has inspired our range of contemporary Mardome and Flat Glass rooflights for your home.

Flat Glass Rooflight

Polycarbonate Dome Rooflight

Flat Glass

Mardome

Designed for the flat roofs of modern buildings and extensions, our range of Mardome polycarbonate and Flat Glass rooflights transform open plan living areas, kitchens, bathrooms and hallways by creating wonderfully light, bright and airy spaces where windows simply are not possible.

Combining sleek styling, quality engineering, and innovative thinking, Ariel rooflights deliver the most inspiring rooflight solution all round.

Maximum Daylight

A generous glazing area affords more daylight for the lightest, brightest rooms imaginable.

Contemporary Styling

The most attractive rooflight internally and externally. The compact low-rise polycarbonate and flat glass glazing profiles blend discreetly with the roofline.

Quality Guaranteed

Ariel rooflights come with a 10 year product warranty for complete peace of mind.

Energy Efficient

The performance of the complete Mardome rooflight has been developed to deliver an exceptionally energy efficient rooflight choice. Flat glass and triple glazed polycarbonate options meet the requirements of Part L of the Building Regulations.

High Security

Tamper proof security fixings and impact resistant polycarbonate and glass glazing options combine to deliver a highly secure rooflight.

Flat Glass

The Brett Martin Flat Glass range is manufactured in the UK to the highest standards and provides top quality features at highly competitive prices. This elegant glass rooflight is perfect for the modern home extension or to add safe and stylish daylighting to all other types of buildings.

With Ariel's reliable **Hi-Lights Service** you can satisfy your customers' rooflight needs in as little as **48 hours** from order. An extensive range caters for a wide variety of fixed and opening options.

Flat Glass

Engineered to perform

Featuring a ultra-modern flat glass design, Brett Martin's Flat Glass is a thermally efficient double glazed rooflight featuring a grey anodized aluminium frame, which combines to deliver high end design and the very best standards in security and safety.

- Desirable flat glass design.
- Double glazed thermally efficient rooflight.
- Suitable for flat and low pitched roofs 2° - 15°
- Choice of non-opening and powered opening options.
- Can be supplied with a PVC kerb or to fix directly to a builders upstand.
- Glass specification is non fragile to CWCT TN-67 for Class 1 roofs.
- Ultra secure with up to a P4A class resistance to burglary and vandalism, in its fixed, non opening option.
- Range of fixing, ventilation and opening options.

PLEASE NOTE

A manual handling guide for Flat Glass rooflights is available from the Ariel website.

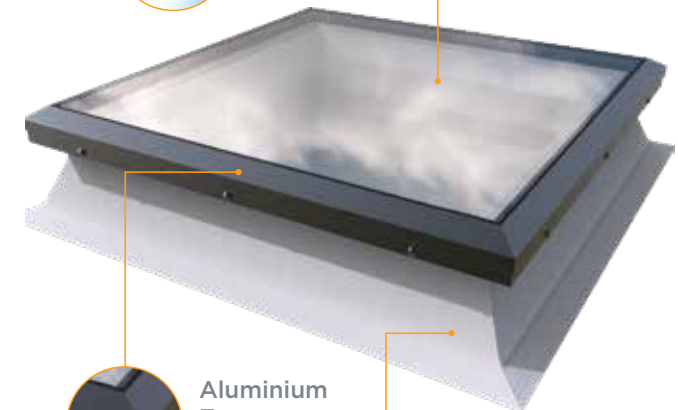

Safe & Secure Glazing

Glass specification is non-fragile to CWTC TN-67 for Class 1 roofs.

Double Glazed Flat Glass

6mm toughened outer, argon filled cavity, 7.5mm laminated inner.
