Castlewood Composite Deck Tiles

Wood Plastic Composite Quick Deck Tiles

The Castlewood Quick Deck Tile is a 100% eco-friendly capped composite deck tile comprised of natural wood grains and an interlocking base for a quick and easy installation. Also, the decking tiles will not bend, warp, split, or crack so not only is it easy to install it is virtually maintenance free.

The Castlewood Capped Composite Deck Tile's interlocking system is also raised to allow for proper drainage of water avoiding pools that could be created during heavy rain. This innovative interlocking deck tile was designed to be used by anyone from DIY beginners to veteran builders looking for an attractive, easy to install deck.

Overall, this Capped Deck Tile is a great alternative for anyone that wants to do a day project by themselves rather than hire a professional for a couple of days to build an entire deck.
