# Beverages

~ ~ ~ Your choice of Teapigs Tea or Coffee ~ ~ ~

**Coffee** Cafetière of freshly ground coffee or decaf coffee

**Tea** Teapigs signature blend is made with a delicious combination of three black tea leaves: a gutsy Assam, a mellow Ceylon and a powerful Rwandan to give a balanced, malty, zesty alliance

**Decaf Tea** Just like Teapigs classic brew, using the CO2 method to naturally decaffeinate the tea leaves

**Chocolate Flake Tea** Ceylon brewed tea with real flakes of dark rich chocolate, simply the perfect pairing

**Earl Grey Tea** Powerful Assam and Rwandan teas with the more delicate Ceylon and Darjeeling to give the perfect strong tea base for the zesty, all natural bergamot flavouring

**Green Tea** A delicate natural taste of fresh summer air, peaches and apricots. A lovely clear pale green infusion

**Peppermint Tea** Whole peppermint leaves used for big flavour so, as you'd expect a strong minty taste, then very refreshing, very light

**Berry Tea** Naturally caffeine-free herbal infusion is pretty much bursting with berries. What's more, this tea has an invigorating hibiscus flower base - it's what gives it a lovely deep red hue and a punchy, slightly tart taste
