

ThunderEase®

Cat Calming Spray

POWERED BY

FELIWAY®

PHEROMONES FOR A CALMER CAT

What is ThunderEase® Powered by FELIWAY®?

Cats mark their territory by rubbing their face on things like furniture, plants, and even you. These pheromones help cats get to know their environment better as well as what is safe in their surroundings. This creates confidence in felines and ultimately helps them feel more stable in their home. ThunderEase® powered by FELIWAY® mimics these pheromones for a drug-free, vet-recommended calming solution that may help reduce unwanted behaviors like scratching and spraying. ThunderEase® is powered by FELIWAY®, the #1 Vet Recommended solution that helps your cat feel comfortable and secure, and to reduce signs of stress.

Please read before using any ThunderEase products.

THUNDEREASE SPRAY

Analogue of Feline Facial Pheromone..... 10%
Ethanol q.s. 60 mL

The effect of ThunderEase® Spray lasts 4-5 hours. Each 60 mL bottle delivers about 50 applications (+/- 8 Sprays/use).

THUNDEREASE® MAY BE EFFECTIVE FOR:

- Urine spraying
- Scratching
- Travel anxiety (vomiting, urinating, defecating, meowing, agitation, salivation)
- Stress when visiting the vet
- Anxiety when boarding
- Uneasiness in a new home or environment
- Stress caused by changes in the environment like new furniture or remodeling
- New pets in the home
- Recurrent feline idiopathic cystitis

Usage Instructions: ThunderEase® Spray is great for using at home or on the go! Use 8-10 pumps directly on objects, your couch, carrier, or car. Let sit for 15 minutes before introducing your cat. Respray every 4-5 hours as needed.

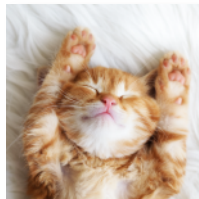

ThunderEase® can be used with a ThunderShirt®! Spray 2-3 bursts on the ThunderPatch for maximum calm.

Amazingly Effective

I occasionally rescue cats and kittens that show up in need of help. I'm seriously impressed with the calming spray and diffuser both. They are amazingly effective.

-Ericka B.

Spray For Peace

It takes a little time - 15 or 20 minutes to take effect. I use it to calm a feisty young cat after a period of exhaustive play or before my bedtime.

-Portia S.

Cat behavior is often complicated and all cats are unique, so results may vary. ThunderEase® is only detected by cats and is appropriate for any age, from kittens to older cats. ThunderEase® is NOT recommended for hyperactivity or aggression. For best results, use for a full 30 days. If additional behavior modification is needed, seek advice from your veterinarian or professional trainer. ThunderEase® may be used in conjunction with medications or other treatments (like ThunderShirt®!). ThunderEase® is NOT a veterinary medicinal product. Consult your veterinarian if there are signs of disease.

WARNING: FLAMMABLE. EYE IRRITANT.

Avoid contact with eyes. If sprayed in eyes, rinse continuously with water for several minutes and seek medical advice. Keep away from heat, sunlight, and ignition sources. Do not smoke during use. Do not spray directly on cats. Store in a well-ventilated cool place. Dispose of contents and container in accordance with local regulations. Keep out of reach of children.
