THUNDEREASE® HELPS MANAGE:

- Multi-Cat Tension & Conflict
- Fighting
- Introducing New Cats in the Home

Cat behavior is often complicated and all cats are unique, so results may vary. ThunderEase® is only detected by cats and is appropriate for any age, from kittens to older cats. For best results, use for a full 30 days. If additional behavior modification is needed, seek advice from your veterinarian or professional trainer. ThunderEase® may be used in conjunction with medications or other treatments (like ThunderShirt®!). ThunderEase® is not recommended for overt aggression towards owners. ThunderEase® is NOT a veterinary medicinal product. Consult your veterinarian if there are signs of disease.

DANGER. HARMFUL OR FATAL IF SWALLOWED. Call physician immediately. Do not induce vomiting. Contains petroleum distillates (i.e., Isoparaffinic Hydrocarbon).

KEEP OUT OF REACH OF CHILDREN. Read label and insert prior to use. Store in a well-ventilated area. Dispose of contents/container in accordance with local regulations.

FELIWAY® is a registered trademark of Ceva Santé Animale S.A. All other trademarks are the property of ThunderShirt, LLC.

THUNDEREASE® PLUG-IN & REFILL
Analogue of Maternal Cat Pheromone......... 2%
Isoparaffinic Hydrocarbon ..................... 48 mL
Each 48 mL vial lasts up to 30 days and covers 700 sq ft.

Usage Instructions: Simply plug ThunderEase Calming Diffuser in the room in which your cats spend the most time. Replace refill when vial is empty or after 30 days, whichever comes first.

Diffuser Power Light: When plugged into a functioning outlet, a light on the diffuser will indicate that the diffuser is receiving power. If the indicator light does not turn on, check to ensure the outlet is functioning properly by plugging a different working device into the outlet (e.g., a lamp). If the diffuser light still does not turn on, please contact ThunderWorks Customer Service at 866-892-2078.

DIFFUSER HEAD every 6 months.

Leave at least 4 ft. clearance around diffuser. Do NOT plug under or behind furniture or fixtures.

Diffuser does get hot. This is normal for proper evaporation. Use only in properly functioning 120-volt electrical outlet. DO NOT use with power strip, extension cords, or an adapter converter.

Always place with diffuser head ABOVE refill bottle, not sideways or upside down.
