

# ELECTRIC ANCHOR WINCH BUNDLES

WORLD CLASS STAINLESS STEEL CHANDLERY AND BOATING ACCESSORIES

## Viper PRO SERIES II 1000 ELECTRIC ANCHOR WINCH BUNDLE

Introducing The World's First Submersible Stainless Steel Anchor Winch!

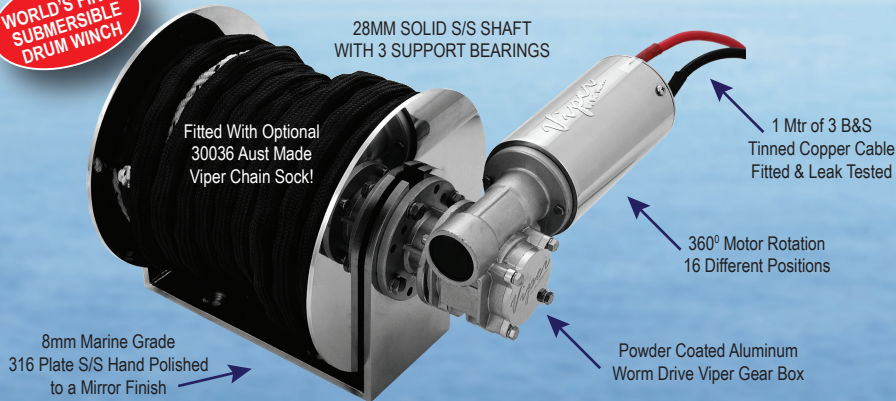

The Viper Pro Series II has set new standards in anchoring systems. Its marine grade stainless steel electric submersible motor has made it one of best selling anchor winch in Australia. With a fall rate of 45 meters per minute and a retrieval rate of over 40mtrs per minute the Viper will ensure you get onto your GPS mark, first time, every time! With unsurpassed Viper reliability, it has twice the torque of a conventional drum winch, 3 stainless steel support bearings on the 1 piece solid shaft and a 90 degree welded housing bracket which closes up the gap between your drum preventing your rope from jamming between the two. With also a life time warranty against water intrusion, and a bullet proof 5-year Viper performance warranty, you can't go past a Viper. Now supplied with everything you need to install it, including a 5mm stainless steel sandwich bracket, all required stainless steel bolts/screws and 2 face plates depending on dash room. All you have to add is your own cabling or our custom made Bell Marine tinned copper wiring loom, you will never have to break your back pulling up your anchor and chain again!

## When Performance Matters!

As fast as free-fall but without the STRESS!

**5 YEAR WARRANTY  
LIFETIME WATER  
INTRUSION WARRANTY**
