## MATRIX PRO 10 GEN II

The new 2021 Matrix Pro Gen 2 has been further advanced with some new upgrades and modifications to further improve your kayaking experience.

It is now easier than ever to access desired fishing locations without exerting all of your energy paddling. With the latest in advanced propelled driven technologies, you can enjoy smooth, quiet and fluent Pedaling. Otherwise you may want to take to the water with the new electric powered motors, developed to match the Matrix Pro kayaks perfectly. With 5 variant speeds forward and 2 reverse settings. The choice is all yours, both pedal drive and electric powered have their own advantages!

With a spacious cockpit and premium adjustable aluminium mesh seating, you have all the comfort and freedom for an amazing day on the water.

The upgraded rudder system will turn you sharper than ever before, helping in those tight rugged fishing spots. Another inclusion is the drop down and retrievable rudder system, also easily accessible from your seated position.
