BARCELONA

MAIN FEATURES

Stainless steel body. Polished or treated with a high-quality varnish, black or white textured matt.

The milling equipment is made from special tempered steel. The same steel as used in professional high-performance coffee grinders. Service life: 600 kg.

2 models:

I-1 Brass group and steel milling wheels (54 mm diameter).

I-2 Grupo de plastic y steel grinding cones.

Micrometric adjustment allows maximum grind adjustment.

Adjustment limit, in just a few seconds, the perfect grind point can be found.

Coffee grinding adjustment. Enables viewing of the grind selected. Made from stainless steel and laser-etched.

250gr hopper with fitted cover. Optional 600-g hopper.

Electronic timer. This means the desired amount can be supplied by activating a timer switch (opcional).

Hopper lid and graduation knob in wood (optional).
