

## I1-I2

Selected by professionals as 'decaffeinated coffee grinder' for its qualities, size and value-for-money.

Also available as a dispenser version.

Aluminium body with components of the highest quality.

**ascaso**  
BARCELONA

## MAIN FEATURES

**Aluminium body.** Polishing each part by hand, one by one or treated with a high-quality varnish (the same coating as used in Formula 1 and on boats), with a range of 3 colours textured matte.

**The milling equipment is made from special tempered steel.** The same steel as used in professional high-performance coffee grinders. Service life: 600 kg.

### 2 models:

**I-1** Brass group and steel milling wheels (54 mm diameter).

**I-2** Grupo de plastic y steel grinding cones.

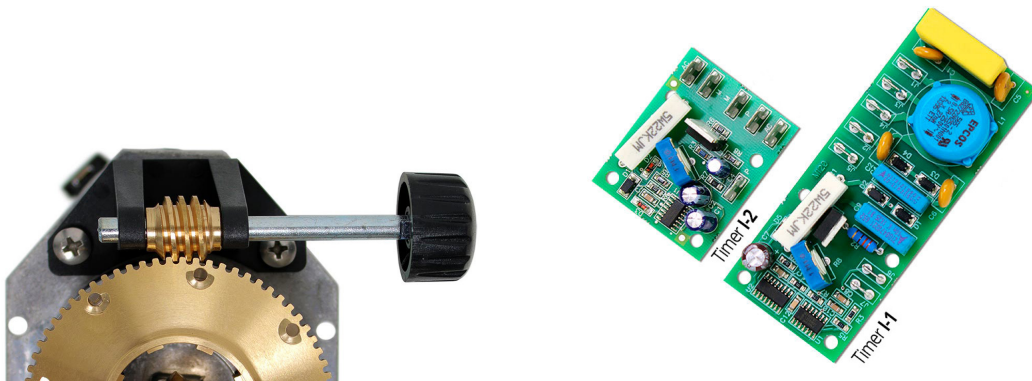

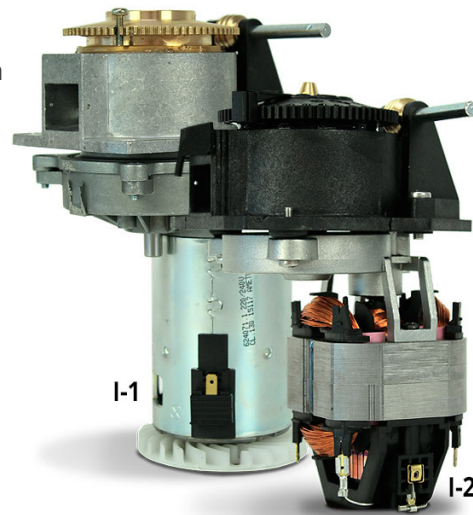

**Micrometric adjustment** allows maximum grind adjustment.

**Adjustment limit,** in just a few seconds, the perfect grind point can be found.

**Coffee grinding adjustment.** Enables viewing of the grind selected. Made from stainless steel and laser-etched.

**600gr hopper** with fitted cover.

**Electronic timer.** This means the desired amount can be supplied by activating a timer switch (opcional).
