How Its All Going to Work For an Affiliate?

## Features And Benefits:

What Makes Us Really Great To Choose?

Settlements can be made to the affiliate by [ACH](#), [check](#), [e-check](#) or other acceptable choice of the affiliate.

Settlements will take place within [the first week of the following month](#) for the previous month's transactions.

## Features And Benefits:

What Makes Us Really Great To Choose?

MLTG will do its very best to track all sales and its origins in the case the affiliate's customer goes direct. MLTG will offer best efforts to report these transactions to the affiliate and continue the agreed compensation.

Each assigned affiliate will have their very own code and will have the authorization to log into the dashboard to "track" all activities and transactions anytime.

Important for the affiliate to continue to drive traffic to the host website on a regular basis. This will assure and remind the affiliates customers to return to the host e-commerce site for return purchases.

## WEBSITE TRAFFIC
