Code

1. Backset: Nominate backset as required, for example 3 = 23mm backset.

2. Function: Select function, for example 782 = Escape Lock

3. Sub Function: Determine sub function requirements for both exterior and interior.
For example:
Exterior – Locking function required – specify V (cylinder).
Interior – Turnknob function required – specify T (turnbutton adaptor).

4. Anti-lockout Selection: Determine if anti-lockout function is needed.
For example:
Anti-lockout - Specify A

5. Finish: Select appropriate finish, e.g. SS
Other finishes available by specifying finish kits.
