Teachers Love MATH in a MINUTE

LuckyPixelatedTeacher

My kids have been struggling with Addition and Subtraction with our curriculum and this is just what I need to help them with their fluency!

Our math resources are enjoyed in thousands of classrooms worldwide!

MATH in a MINUTE Bundle

Has What Teachers NEED & LOVE!

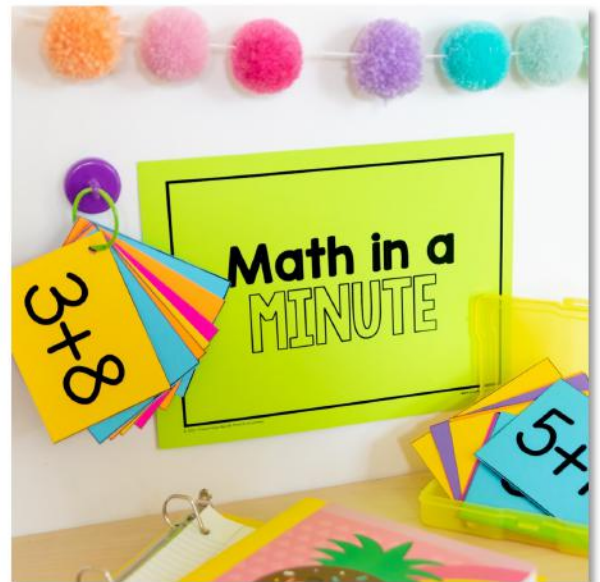

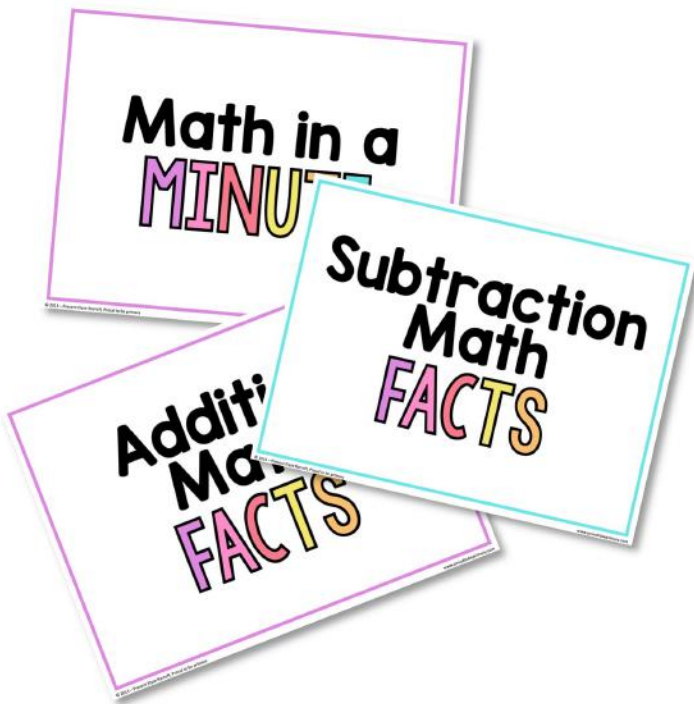

- This resource covers addition & subtraction math facts to 10 and to 20 and provides students with fun and engaging fluency practice.
- This resource builds addition & subtraction math fact skills and fluency through independent practice and a variety of engaging activities.
- This resource saves you time as it comes with everything you'd need to provide fun and fresh addition & subtraction math fact practice!
- The print-and-go booklets, cards, and worksheets work great with any math program or curriculum. Simply add to your routine!
- 3 different worksheets types provide fun and engaging independent practice.
- A variety of games give students practice math facts and word problems to 10 and 20 with a partner during center time.

MATH in a MINUTE Bundle

Posters & Headers

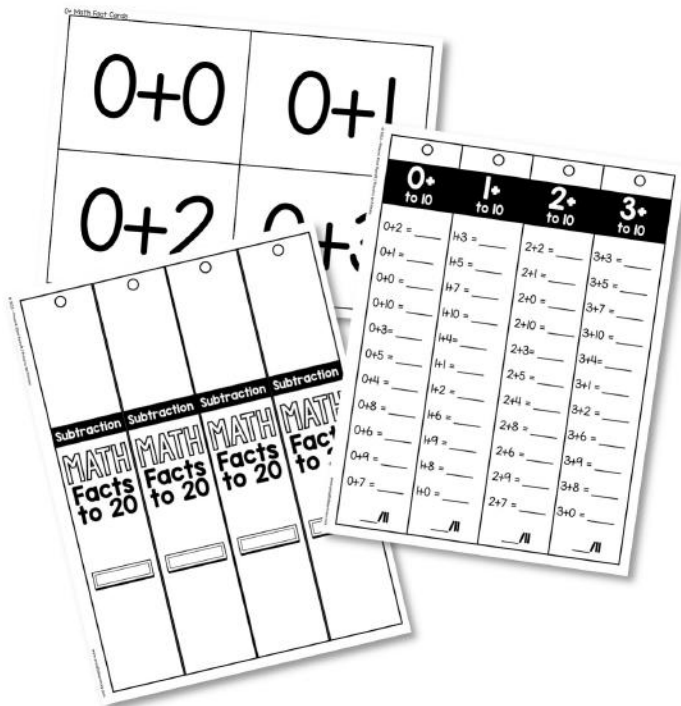

Create a special “math fact” practice area in your classroom to encourage review and student participation! There are headers and posters included to use to set up a math fact area in your classroom. Use them to hang on the bulletin board, or attach to a tri-fold for a movable math center!

MATH in a MINUTE Bundle

Fact Cards & Strips

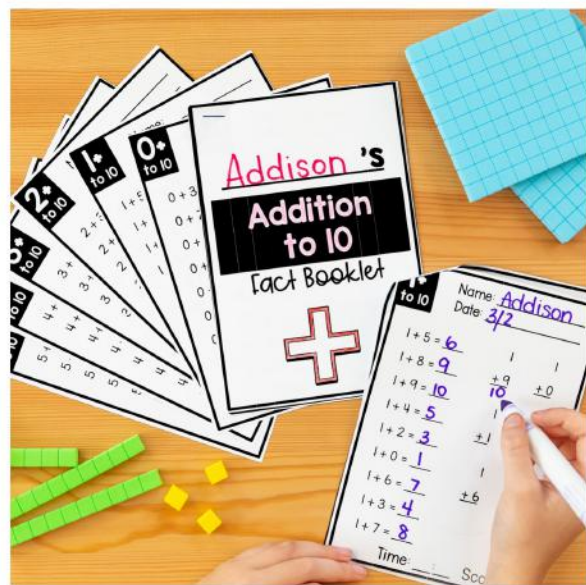

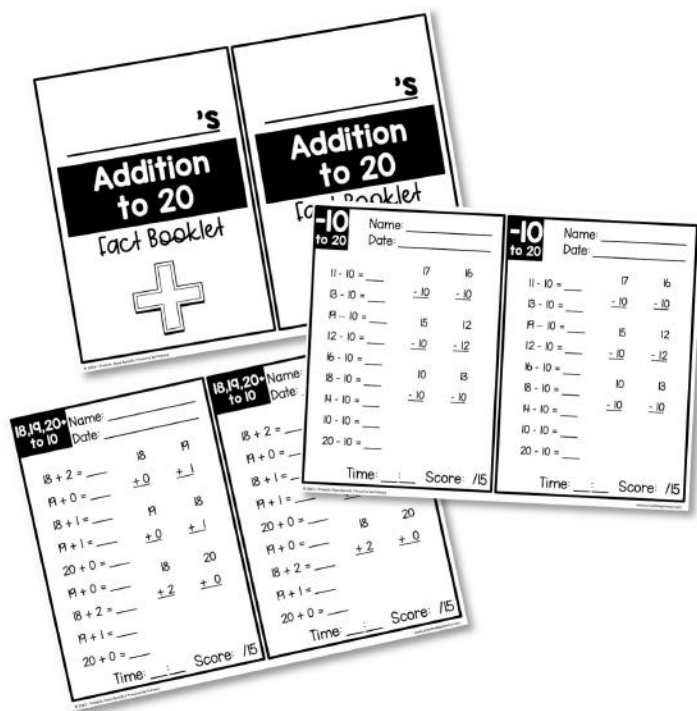

Addition & Subtraction fact cards and strips are available in all facts to 20. The fact strips can be separated into groups with facts to 10 or 20. Print, cut, and hang on the board or give to students to practice during math review time, independently or with a partner.

MATH in a MINUTE Bundle

Math Fact Booklets

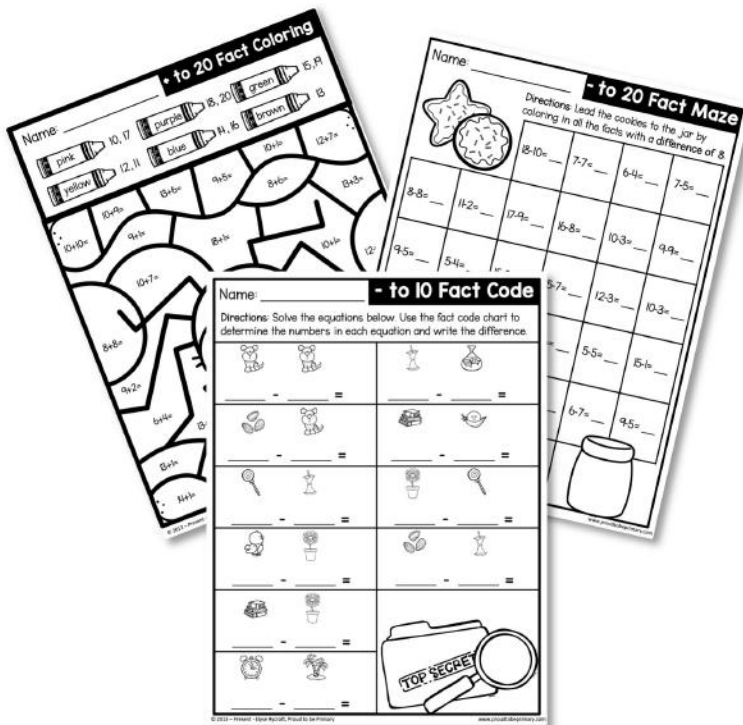

Work on math facts to 10 and 20 with a fact booklet for addition and subtraction! Your students can work on them independently, during center time, or even use as a review for homework. Print the sheets you need, staple together, and you're ready to go.

MATH in a MINUTE Bundle

3 Types of Worksheets

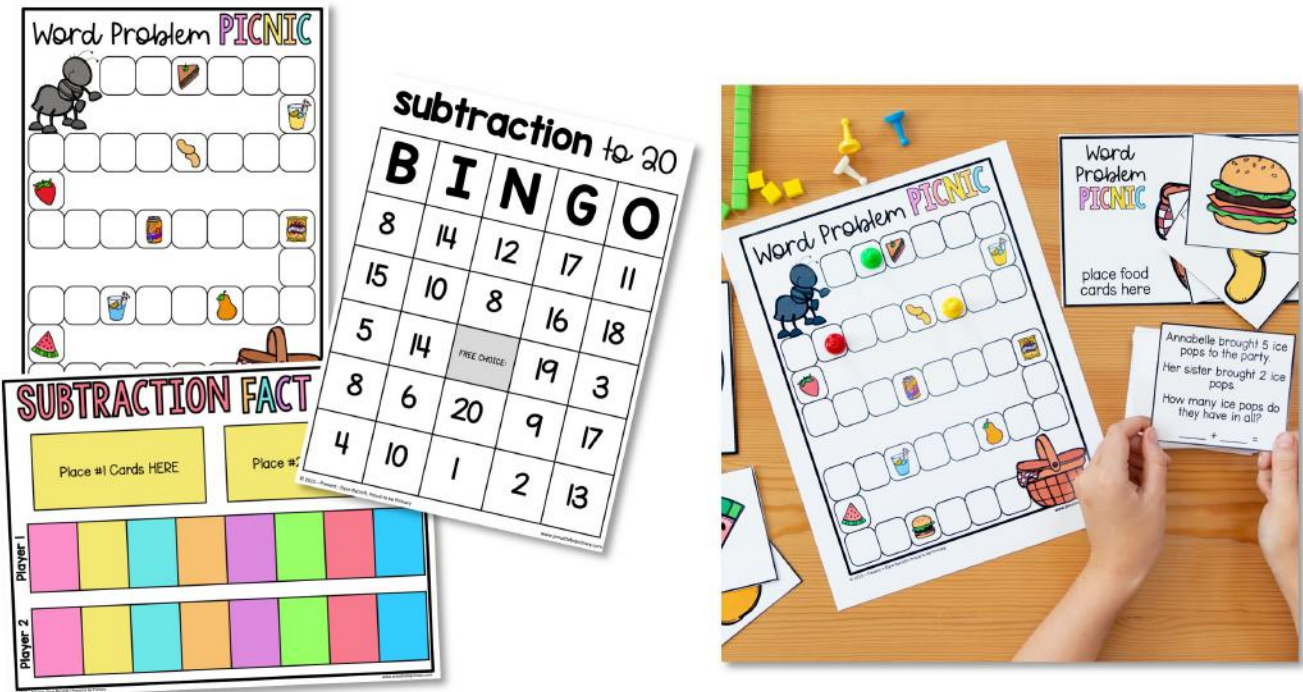

Print and go worksheets are available for your students to use to practice their math facts. Find and color worksheets, crack the code worksheets, and fact maze worksheets for both addition AND subtraction! Each set has a variety of math facts to 10 and 20. There are 62 worksheets in total!

MATH in a MINUTE Bundle

6 Math Fact Games

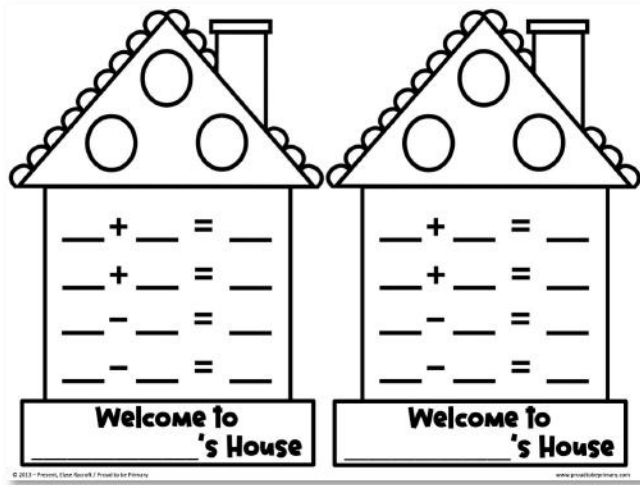

Your students can practice their math facts in a hands-on way! Use these 6 games (3 for addition, 3 for subtraction) to give your students a chance to practice facts to 10 and 20 with word problems using the word problem picnic game, or as regular facts with Bingo or Fact War!

MATH in a MINUTE Bundle

Fact Family House Craft

Create a craft using the provided house to review fact families you have been working on! The house included is blank so your students can fill in their fact family of choice, cut, and glue to decorate.

MATH in a MINUTE Bundle

Certificates

Celebrate fact family mastery with certificates! This resource includes two sizes, clipart, and color options, so you can pick and choose which works best. Print and pass out to celebrate your student's accomplishment.

Use MATH in a MINUTE for...

- ♥ Mastering math facts
- ♥ Independent practice
- ♥ Whole group practice
- ♥ Center activities
- ♥ Homework assignments
- ♥ Small group activities
- ♥ Review
- ♥ Data
- ♥ AND MORE!
