What is Included in Each Unit:

Fact Posters & Question Sheets

BUTTERFLY Appears Name: _____

Directions: After reading the Butterfly questions below

- Look at the photo. Describe it.
- What makes up the color of the wings?
- How do the wings help the butterfly?
- What are the names of the flowers it is feeding on?

BUTTERFLY Diet

Caterpillars are herbivores. They spend their lives eating leaves and flowers. Some caterpillars eat poisonous plants which makes them poisonous once they become butterflies. Butterflies drink nectar from flowers and liquids from fruit. Butterflies have a tongue called a proboscis that is used to drink and help pollinate flowers.

Swallowtail butterfly Feeding on lantana.

Why You Need These

SPRING Science Units

- This one bundle includes units to teach non-fiction topics for the **spring season**. Units for **chickens, flowers, butterflies, and frogs!**
- **Real facts** are presented in a fun, engaging way with photographs.
- This bundle **saves you time** as it comes with **print-and-go activities** and everything you'd need to teach 4 non-fiction units.
- These units **facilitate meaningful lessons and discussions** about tons of different topics with vocabulary and facts.
- **Build oral reading fluency and comprehension skills** with the included stories and ELA activities.
- **Easily display, teach, and organize** the facts and vocabulary with anchor chart materials.
- Use the included tools to facilitate a **fun research project** with each unit!

Directed Drawing Activities

There is a fun directed drawing included for each unit to go along with the animal or topic. There are templates included with either a 4 or 6 steps on the page. These kid-preferred activities work great as a center activity!

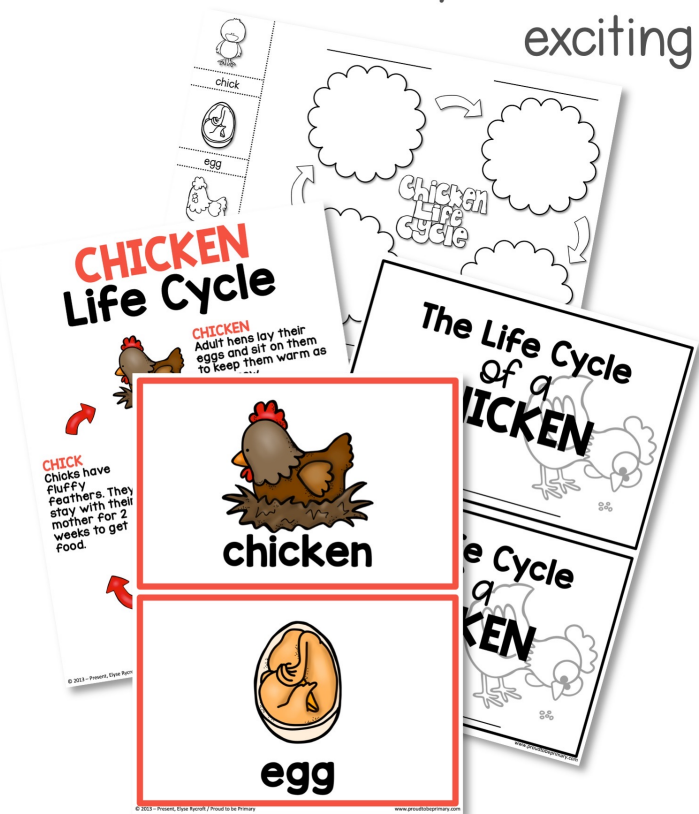

NON-FICTION Units

Proud to Be Primary

Life Cycle Booklets, Posters, & Activities

Teach students the important life cycle of the animal or insect's life. Life cycle posters, activities, and booklets are included to help you teach. Easy to display vocabulary and a student friendly craft make discussing each life cycle exciting for kids.

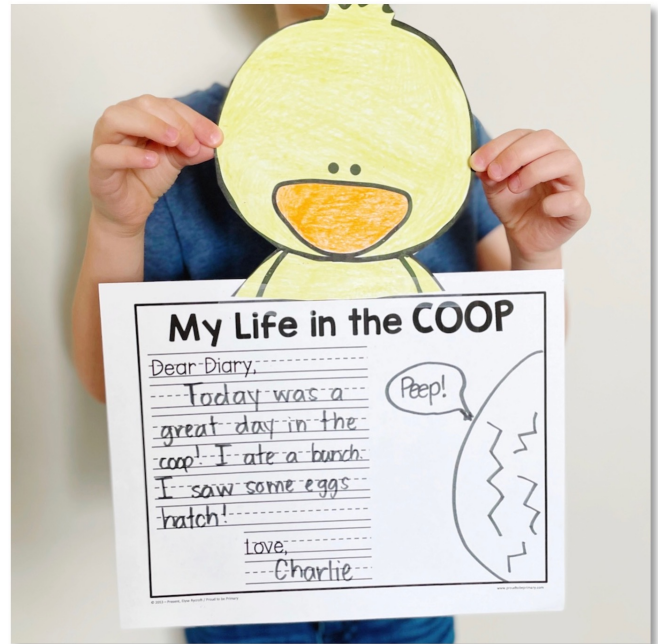

NON-FICTION Units

Proud to Be Primary

Themed Craft & Writing

A different fun themed craft and writing activity is included with each unit. Each writing page includes 3 differentiated pages to fit the needs of your students. These activities are great as a culminating activity at the end of a unit! Kids love them!

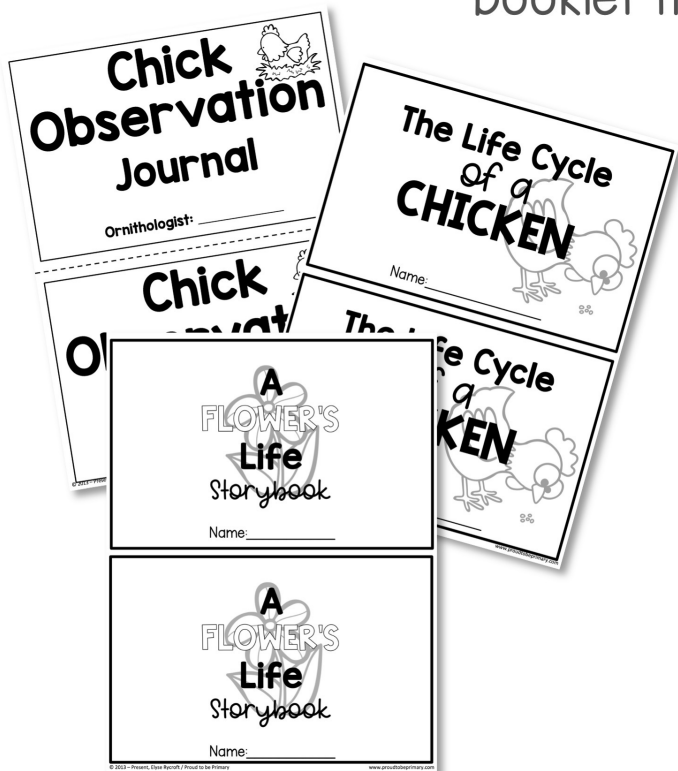

NON-FICTION Units

Proud to Be Primary

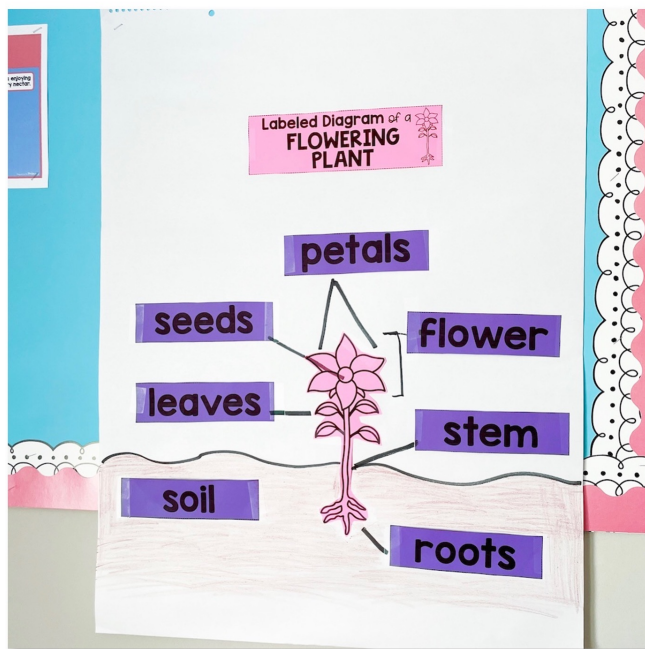

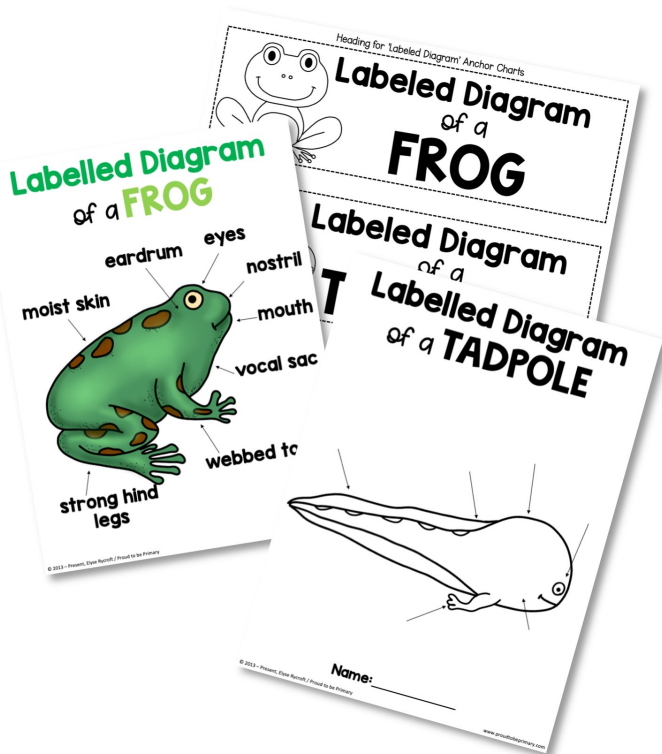

Printable Student Booklets

Units include an assortment of booklets to help kids learn and review important facts. There are life cycle booklets, observation journals, and a storybooks. Each booklet encourages students to color, fill in words, and make each booklet their own.

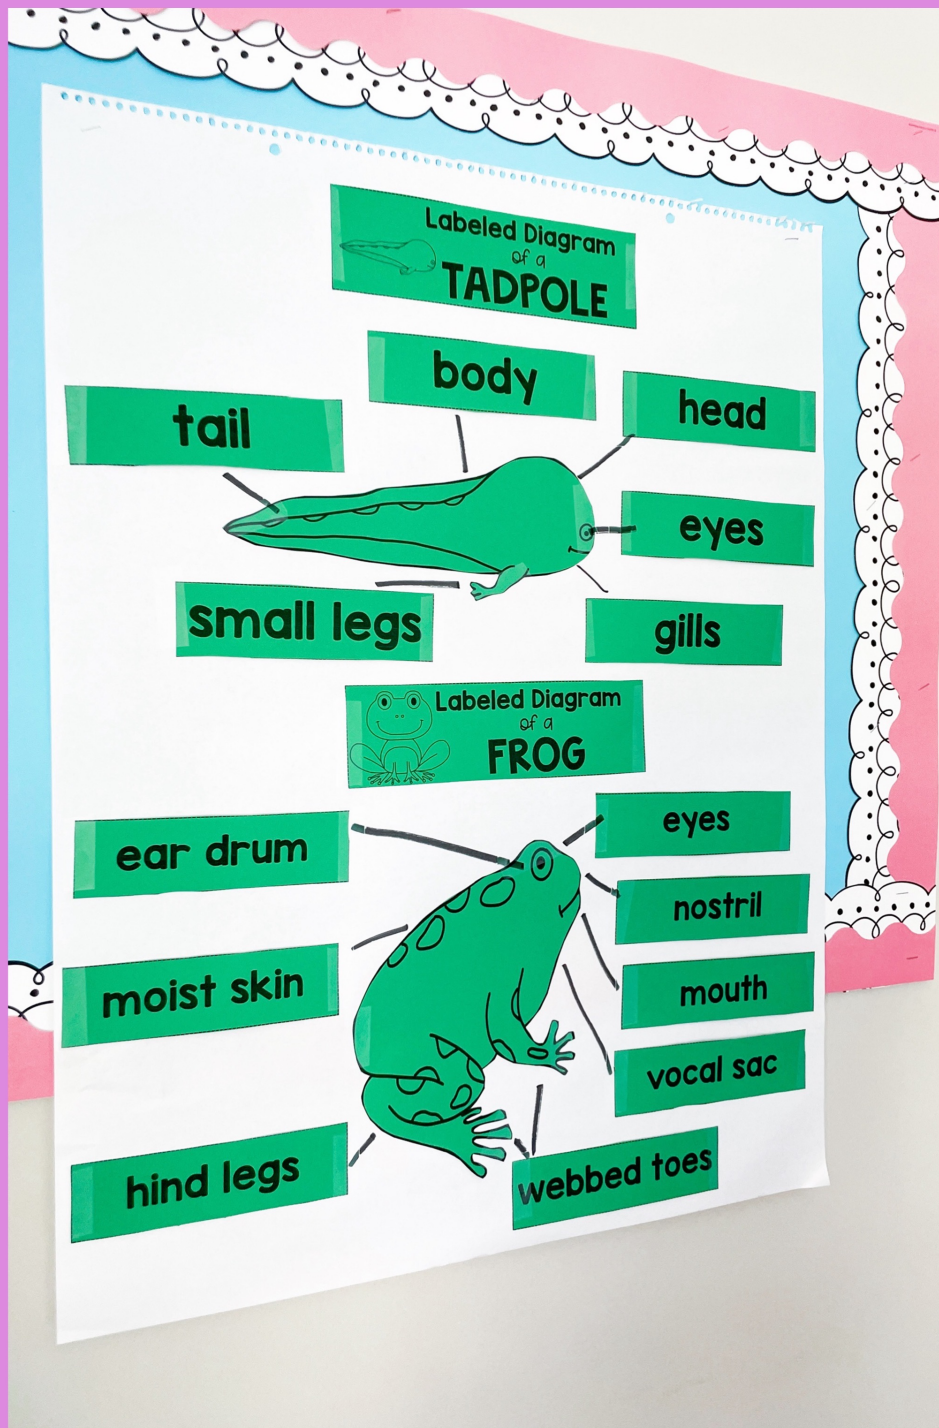

Labeled Diagrams

It's important to teach kids in-depth understanding of a topic. You can accomplish this with the labeled diagram materials included in each unit. Create a labeled diagram poster to display in your classroom, while your students can fill in their own printable page.

Use these **NON- FICTION** Units for...

- ♥ Whole group science lessons
- ♥ Small group instruction
- ♥ Partner activities
- ♥ Non-fiction research projects
- ♥ Library projects
- ♥ Seasonal unit studies
- ♥ Sub-plans
- ♥ & more!

Teachers Love **SPRING** Science Units

★★★★★ **Extremely satisfied**

My students LOVED this to go along with our butterfly unit. The materials went along perfectly with our real life butterfly hatching. I was able to use the worksheets to go along with all the items we learned about. The sheets are hands on and full of fun! I look forward to using the other cycles in the future. A great set overall!

★★★★★ **Extremely satisfied**

What a wonderful resource! The butterfly slides were perfectly aligned with our class watching our own caterpillars growing into butterflies! We were able to set them free on last Friday via Zoom with our class!

★★★★★ 5.0

My students absolutely loved using the activities included. We learned about Chickens last week. We can not wait to learn about frogs, butterflies, and plants! Thank you for this amazing resource. :)

★★★★★ 5.0

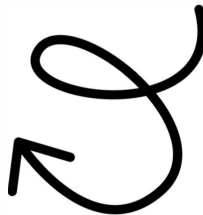

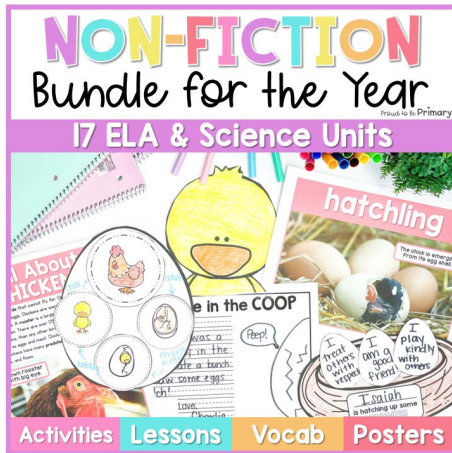

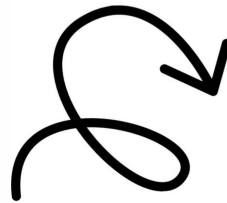

Absolutely amazing product!! The information in the reading section is super helpful!!! Thank you so much for this incredible resource!

Spring Units are enjoyed in over 10 thousand classrooms worldwide!
