Ending Digraph Centers

Playdough Mats

Print and laminate for durability, or put inside a plastic pocket protector. Kids use playdough to form different letters to form words with the provided word part. After, they write down the words they created, using a dry-erase marker.

Tie Crafts

Trace and color in the word patterns at the top, fill in the letter boxes (to form ending digraph words), and color pictures. Instructions with pictures on how to make a necktie are included.

Assessment Sticker Books

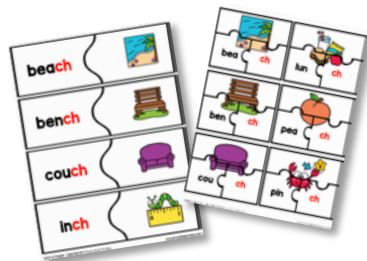

A sticker book is provided to check retention of words after a set of words have been taught. Kids can read the words in the sticker book and put a sticker next to the words they read correctly.

Two Types of Puzzles

Kids can practice reading words and finding the corresponding picture and putting them together. They can also practice segmenting words and digraph sounds together with the picture puzzles.

Spell the Picture Cards

Print and laminate for kids to use to practice spelling. They can use a dry-erase marker to spell out the word for the picture. They can also use letter magnets or tiles to spell the words. Great for literacy centers, word work, or small groups.

Hat Crafts

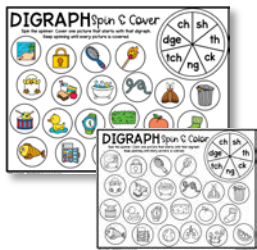

Trace and color in the word pattern on the hat, then color pictures to match the digraph and glue them around the strip. Instructions with pictures on how to make a hat are included.

Spin & Cover

Print and laminate for kids to use to practice identifying beginning blends. Kids will spin the spinner and find a word that ends with that digraph. Great for literacy centers, word work, or small groups. The black & white option is perfect for coloring!

Fill In The Digraph

Kids can practice identifying the missing blend with these mixed digraph activities. Kids will look at the picture and fill in the last two or three letters to complete the word.
