Mindful MATH

“I Can” Posters

There are 94 concept “I Can” posters included for a variety of math topics Kindergarten students need to learn. They clearly describe and illustrate mathematical concepts, and are perfect for using during math lessons. They help lead a lesson and provide a visual reminder for students. Read the prompts to students, discuss, and then replicate the examples together.

I can order numbers to 20

I order numbers between 11 and 20 using a chart or number line!

"11 comes before 14."

I can add with objects to 5

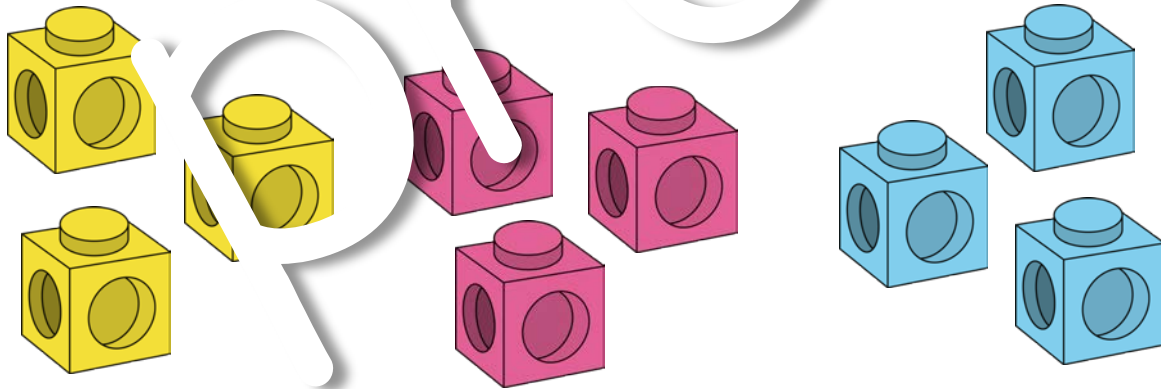

I use small objects to help me
add and find the answer.

$$1 \text{ yellow} + 4 \text{ blue} = 5 \text{ cubes}$$

I can sort by one attribute

I sort items into groups by one attribute (color, shape, size)!

Kindergarten Mindful MATH
