writing mats

★★★★★ 5.0

Best TpT purchase EVER! I love the self-checking rubric at the bottom of each page. I love that the writings can be made into a packet for the month. There is a large variety of topics to write about, so narrative, opinion, and expository writings are all included! Thank you so much for creating and sharing THE PERFECT resource for K-2!

★★★★★ **Extremely satisfied**

This has been a godsend! We use these daily to help warm up our brains and to help stretch my students writing - they love the format with the writer's checklist and the little word bank on the side to help them come up with ideas. Their writing has improved so much!

★★★★★ **Extremely satisfied**

I started using these with my students and OMG writing has never been easier! Students were able to do this with very little help. Some just used the word banks and environmental print, but others challenged themselves to write more than the one sentence and some used kid spelling to add more detail. So happy with this product!

★★★★★ **Extremely satisfied**

My students love this engaging writing activity. Having the word list on the paper helps the students that might be searching for words to use in their story. They also like the sentence starters to get their stories started. I highly recommend these writing mats.
