

CLAYMORE 3FACE mini

User Manual

CLAYMORE 3Face mini CLF-500(LG/DG/MG)

This portable light contains Li-Polymer batteries. Please follow the user manual before use. If any abnormality is found in the product, discontinue use and contact the dealer or a service center where the product was purchased. Any modifications of this product will void the warranty. Misuse of CLAYMORE products may cause user harm.

1. Caution

- ① Do not use near high temperatures such as fires or heating equipments. It may cause explosion and ignition.
- ② This product is water resistant. However, if left in the rain for a long time, it may cause malfunction. If the product gets soaked, please quickly wipe it off.
- ③ Do not store or use in vehicles exposed to direct sunlight. It may cause explosion and malfunction.
- ④ Do not touch the light source directly as it may become very hot during use.
- ⑤ Do not use if the product exceeds the operating temperature range (-10°C to 40°C).
- ⑥ Do not look directly into the LED light source.
- ⑦ Please do not place in the reach of infants. It may cause swallowing of parts or injury.
- ⑧ Adult supervision is necessary when used by children. Misuse of head lamp may cause injury or electric shock.
- ⑨ Do not insert any metal parts into the terminal block of the connector. It may cause heat, explosion or electric shock.
- ⑩ Do not disassemble or modify the product.
- ⑪ Do not touch the connector with wet hands. There is a danger of electric shock.
- ⑫ After use, be sure to turn off the power. If not, it may cause leakage.
- ⑬ When adjusting the angle, please do not bend with force. It may cause damage to the product.
- ⑭ Dropping or impacting the product can cause damage to the inside of the product, resulting in unexpected failures in normal use. Be careful not to apply impact to the body.

2. Components

3. Operation

● LED Light

ON/OFF

Press **ON/OFF** shortly to turn on light. Repeat to turn off light.

Brightness Control

When light is ON, press and hold **Brightness Control** button to increase brightness. Repeat to decrease brightness.
*Light will blink once when Maximum and Minimum brightness is reached.

Mode Change

When light is ON, press **Mode Change** button twice to change light mode. Center light ↔ three side light.

LED Color Change

When light is on, press **LED Color Change** button shortly to adjust the light color in three steps: Warm → Bright → Cool.

Warm	LED light with low color temperature, warm light feels like ordinary gas lantern
Bright	LED light with a neutral color of daylight and comfortable feeling
Cool	LED light with high color temperature, cool light feels like ordinary fluorescent light
