BOXING GLOVES

Exigo's selection of boxing gloves cover all aspects of boxing and are constructed with high-quality materials for long-lasting use and protection. Whether it's gloves for in the ring, or pad and bag work, we have a fit for you. Select from either lace up or hook and loop, with a large choice of sizes and colours.

LACE UP FASTENING

A selection of our gloves are available with lace up fastening. A traditional lace up glove offers a secure and close fit but will require the assistance of a coach to lace them up.

HOOK & LOOP FASTENING

Many of our gloves feature hook and loop fastening. Hook and loop gloves provide a good fit and are quicker and easier to put on, adjust, and take off during training.

TUCKED THUMB

Our gloves ensure the thumb is tucked behind the padding of the knuckles so that the thumb is not exposed to getting hit or catching the opponent directly in the eye.

PREMIUM PROTECTION

Our gloves are crafted with high quality materials and foam to absorb impact and provide premium protection.

GRIP BAR

Our gloves feature a lightweight grip bar which sits between the fingers and the palm to provide additional support and comfort.

VENTILATION

Perforated holes allow air to flow through the glove to keep your hands cool as well as helping the gloves to dry.

EXIGO MOUNTED FLOOR RINGS

The Exigo Mounted Floor Ring is ideal for a boxing club or gym with a low ceiling height or without the need for a raised platform, but it must be fixed to a solid floor. Our mounted floor rings are available in multiple sizes with the choice of jigsaw mats, canvas and underlay, or without flooring if preferred. They come with taped ropes as standard but padded ropes and tensioner covers can be added for a more professional look and feel.

In addition, you can add your club / sponsor branding to the canvas (if applicable) and corner pads, along with choosing the colour of the canvas (if applicable), ropes, corner pads and framework.
