ABOUT US

Established in 1995 by Founder and Managing Director Darren Golden, Exigo is the largest commercial gym equipment manufacturer in the UK and are recognised as a major source of quality products within the fitness industry. In more than 20 countries worldwide and an unrivalled product portfolio across Strength, Functional and Boxing.

CERTIFICATIONS

Exigo has attained ISO 9001:2008 and ISO 9001:2015 for quality management standards, and our products are fully compliant with the current EN 957 and EN ISO 20957 Stationary Training Equipment standards.

Exigo are also an accredited CHAS Contractor. The industry-leading health & safety contractor certification in the UK.

MADE IN BRITAIN

Exigo is renowned for manufacturing gym equipment and our commitment to excellence. We own our own product design, testing and manufacturing facility based in the UK, and are in full control of our own production and processes.

BRITISH STEEL

All Exigo products are produced with British Steel. Our 100x50x3 ERW flat sided oval, is produced in the UK to BSEN 10305-3:2010 specification.

STRONG WARRANTIES

All Exigo products are backed by an industry leading Lifetime Warranty on frames and weldments.

QUALITY CONTROL

Our products are subject to rigorous in house testing, ensuring they are fit for purpose to meet the demands and expectations of our customers.

FLAT PACKAGING

We realise that the appropriate packaging not only ensures your goods arrive safely and securely but can also help to reduce shipping and transport costs.

OUR MISSION

We aim to provide a source of quality products and services that meet or exceed your expectations. You will find Exigo to be among the leading suppliers of products, support and services available in the industry today, yet you will not find us the most expensive. More of what you want for much less than you would expect to pay.

We recruit the very best welders and fabricators and provide genuine opportunities for them to develop their skills and move on within the business. As part of our commitment to quality, all Exigo products are supported by an industry leading lifetime frame and weld guarantee.

DESIGN. MANUFACTURE. INSTALLATION.

The ability to control our manufacturing processes, means that we can design and custom-build commercial gym equipment to a level that our customers tell us is unrivalled in the industry.

// 01

JUST IN TIME COMPONENTS

Through third party supplier agreements we are now able to reduce our lead times down to a maximum of 7 days for any materials required.

// 02

PICK COMPONENTS

Using our bespoke production planning system, work can be accurately scheduled and all components are picked on demand.

// 03

TUBE MANIPULATION

The first stage of manufacturing requires us to bend and manipulate steel using one of our four CNC tube bending machines.

// 04

MIG WELDING

Our team of highly skilled welders can then assemble and weld all parts using MIG welding.

// 05

POLYESTER POWDER COAT

Products then go through a two stage cleaning and phosphate treatment process, before a polyester powder coat is applied.

// 06

ASSEMBLY & INSPECTION

Exigo products are pre-assembled and inspected prior to packing and despatch.

// 07

FLAT PACKED

Exigo products ship flat packed, the appropriate packaging not only ensures your goods arrive safely and securely but can also help to reduce shipping and transport costs.

// 08

DELIVERY & INSTALLATION

Our experienced installation team is dedicated to providing an excellent service and will ensure your install runs smoothly and your equipment is set up correctly.

CUSTOM EQUIPMENT

We custom make gym equipment to meet the requirements of our customers. We offer multiple customisation options to help personalise products without effecting lead times.

FRAME COLOUR

A wide range of frame colours are available. We offer 22 standard colours to choose from, with additional colours available on request.

CUSTOM DESIGN

We have the ability to custom design and manufacture products to a bespoke size or request to fit a specific purpose or space if required.

UPHOLSTERY COLOUR

A wide range of upholstery colours are available. We offer 18 standard colours to choose from, with additional colours available on request.

OUTDOOR USE

If required our products can be galvanised to ensure suitability for outdoor use.

CUSTOM BRANDING

Custom branding is available on our products where there is a protection wrap, weight stack shroud or an oak centred lifting platform.

LEAD TIMES

There is no affect on lead times with any of our standard customisation options.

SELECTORIZED

Exigo Selectorized machines offer attractive designs with outstanding quality and performance. Incremental weights allow precise increases and converging and diverging motions ensure a natural path of movement and comfort during the exercise.

INCREMENTAL WEIGHTS

All incremental weights are indicated in kg/lbs, while the magnetic weight pin ensures secure selection.

COMFORT GRIP

38mm rubber ribbed handles provide comfort with capped anodised aluminium ends for protection.

STACK UPGRADES

Most of our Selectorized machines are supplied with a 100kg weight stack as standard, if required this can be swapped for a 75kg, 125kg or 150kg stack.

STRUCTURAL FRAME

All main frames are constructed using 100x50x3 ERW flat sided oval, produced in the UK to BSEN 10305-3:2010 specification offering a lifetime main frame warranty.

SEAT ASSEMBLY

Simple height adjustments, ensure correct and effective exercise posturing. Numeric indicators allow easy reference.

OPTIONAL FRONT SHROUD

All Selectorized machines come with a rear shroud as standard, if preferred you can upgrade your equipment to include a front shroud.

EXERCISE PLACARD

Easy to understand exercise placards featuring instructional diagrams and targeted muscle groups.

CUSTOMISATION

Available in a variety of frame and upholstery colours with the ability to include your gym, team or organisation logo.

PLATE LOADED

Designed and manufactured to deliver. Renowned for our superior biomechanics, Exigo offers a huge range of Plate Loaded equipment focusing on upper body, lower body and ground based workouts.

SMOOTH ISO MOVEMENTS

Many of our Plate Loaded products feature ISO lateral technology which allows the user to train both limbs at the same time, or individually.

COMFORT GRIP

38mm rubber ribbed handles provide comfort with capped anodised aluminium ends for protection.

EXERCISE PLACARD

Easy to understand exercise placards featuring instructional diagrams and targeted muscle groups.

CUSTOMISATION

Available in a variety of frame and upholstery colours with the ability to include your gym, team or organisation logo.

SEAT ASSEMBLY

Simple height adjustments, ensure correct and effective exercise posturing. Numeric indicators allow easy reference.

STORAGE HORNS

Optional chrome storage horns with high impact ends are available to provide convenient storage points for weight plates.

STRUCTURAL FRAME

All main frames are constructed using 100x50x3 ERW flat sided oval, produced in the UK to BSEN 10305-3:2010 specification offering a lifetime main frame warranty.

BENCHES

Our industry leading range of Benches are perfect for free weight, body weight, and strength based workouts. Combining stylish ergonomic designs with precision engineered components and featuring appropriate support for comfortable and efficient workouts.

ERGONOMIC DESIGNS

All our benches are designed to set up the user correctly and provide optimum comfort during exercise.

HIGH IMPACT MOUNT

High impact feet provide a secure and stable base with hidden floor mounting points.

CUSTOMISATION

Available in a variety of frame and upholstery colours with the ability to include your gym, team or organisation logo.

EASY ADJUSTMENTS

Our benches provide simple user adjustments to ensure safe, correct and effective exercise posturing.

STORAGE HORNS

Optional chrome storage horns with high impact ends are available on some of our benches to provide convenient storage points for weight plates.

STRUCTURAL FRAME

All main frames are constructed using 100x50x3 ERW flat sided oval, produced in the UK to BSEN 10305-3:2010 specification offering a lifetime main frame warranty.

LIFTING PLATFORMS

Exigo offers a variety of lifting platforms, all of which are built to withstand the rigours of any gym or training facility and provide a dedicated space for Olympic lifting.

RUBBER TILES

Our Rubber Tiles are fully CST tested to BS EN1177:1998 and all comply or exceed their criteria. The critical fall height of the 30mm Tiles is 0.9m.

OAK CENTRE

Our oak centred platforms are beautifully crafted using solid engineered oak, providing the ultimate protection against gym flooring.

CUSTOM BRANDING

We offer custom branding on our oak centred lifting platforms which is ideal for displaying your gym, team or company logo.

COLOUR OPTIONS

Available in a variety of frame colours. Choose a primary colour for the main frame and a secondary colour for joining sections.
