

Kaaria

The Kaaria chair combines clean modern design with comfort. Our aim was to create executive-style seating that you can happily sit on for hours on end. The result is a slim steel base with a padded seat and back that is upholstered in wool felt with quilted stitch detail. The base can be powder coated in Koskela colours. The Kaaria chair is suitable for meeting or breakout spaces. It's also available as a task chair, lounge chair or stool.

MATERIALS

The sled base is made of tubular steel that can be powder coated or electroplated.

The seat is upholstered in Camira Blazer or Synergy quilted wool felt.
