Progesterone Test Kit - Cube Vet

Sku: VME-FPSTD-60106

Cube Vet Progesterone Test Kit for Dogs This Cube Vet progesterone test kit here needs the Cube Vet analyzer to run and is specific to the state-of-the-art Cube Vet analyzer shown here. The hormone progesterone (P4) is an androgen produced by the corpus luteum of bitches. Normally present in low doses until ovulation occurs, levels of progesterone start to climb around the time of the LH (luteinizing hormone) peak. Thus, the production ...
