VENTUS

VELOCORE TECHNOLOGY + MAXIMUM CARBON FIBER CONTENT + PHANTIUM FINISH

3 LAUNCH PROFILES

VENTUS RED - MID-HIGH LAUNCH
VENTUS BLUE - MID LAUNCH
VENTUS BLACK - LOW LAUNCH

OVERVIEW

The exceptionally engineered Ventus is designed to significantly tighten shot dispersion and maximize ball speed especially on off-center shots. Ventus is a Tour-inspired profile and the first to include Fujikura's all-new VeloCore Technology in an ultra tip-stiff profile. Maximum energy transfer from the tip section boosts the clubhead's performance and an accelerated taper design enhances the loading and feel.

VELOCORE

A multi-material bias core construction that delivers ultimate stability through transition and impact (maximizing clubhead MOI) - increasing velocity and smash factor. The multi-material core is crafted with full-length, ultra-high modulus Pitch 70 Ton Carbon Fiber - 150% stronger and more stable than T1100g - for ultimate stability, and 40 Ton bias layers ensure incredible feel.
