Xtralite LED Desk Lamp

Instruction Manual
Model: XL20604

Please read these instructions carefully before connecting
or using the appliance. Keep for future reference.

Important Information

When using electrical appliances, in order to reduce the risk of fire, electric shock, and/or injury to persons, basic safety precautions should always be followed.

For your safety...

Read all instructions carefully, even if you are familiar with the lamp.

Do not use this lamp/charger if it appears to be damaged

Do not look directly into the light source or point it into the eyes of others. This can lead to retinal damage.

Do not use in damp or dusty environment.

Do not use solvents, abrasives, or aerosol cleaners to clean the lamp; discolour may occur.

If you are not using the lamp for an extended period of time, unplug the power supply plug from the outlet.

Do not remove the cover or modify the lamp in any way. High voltages can cause fire or electric shocks.

Do not place near hot objects or in direct sunlight.

Do not use if the power supply cord is damaged.

Do not use near flammable objects or materials.

This is not a toy. Close attention is necessary when used near children.

Do not handle charger with wet hands.

Do not immerse the lamp or USB cord in water or any other liquid.

Do not allow children to play with the packaging materials.

LED Light:

The Xtralite LED Desk Lamp boasts a powerful 180 lumen, flicker free bright white LED light that replicates daylight at 5000K.

Touch Sensitive ON/OFF:

Simple ON/OFF touch sensitive button glows green when the light is switched off so you can locate it with ease in the dark.

Micro USB:

It is powered by a Micro USB cable that can either be plugged into any USB output device or with a compatible USB wall socket charger (not included).
